# 1. Sign Up

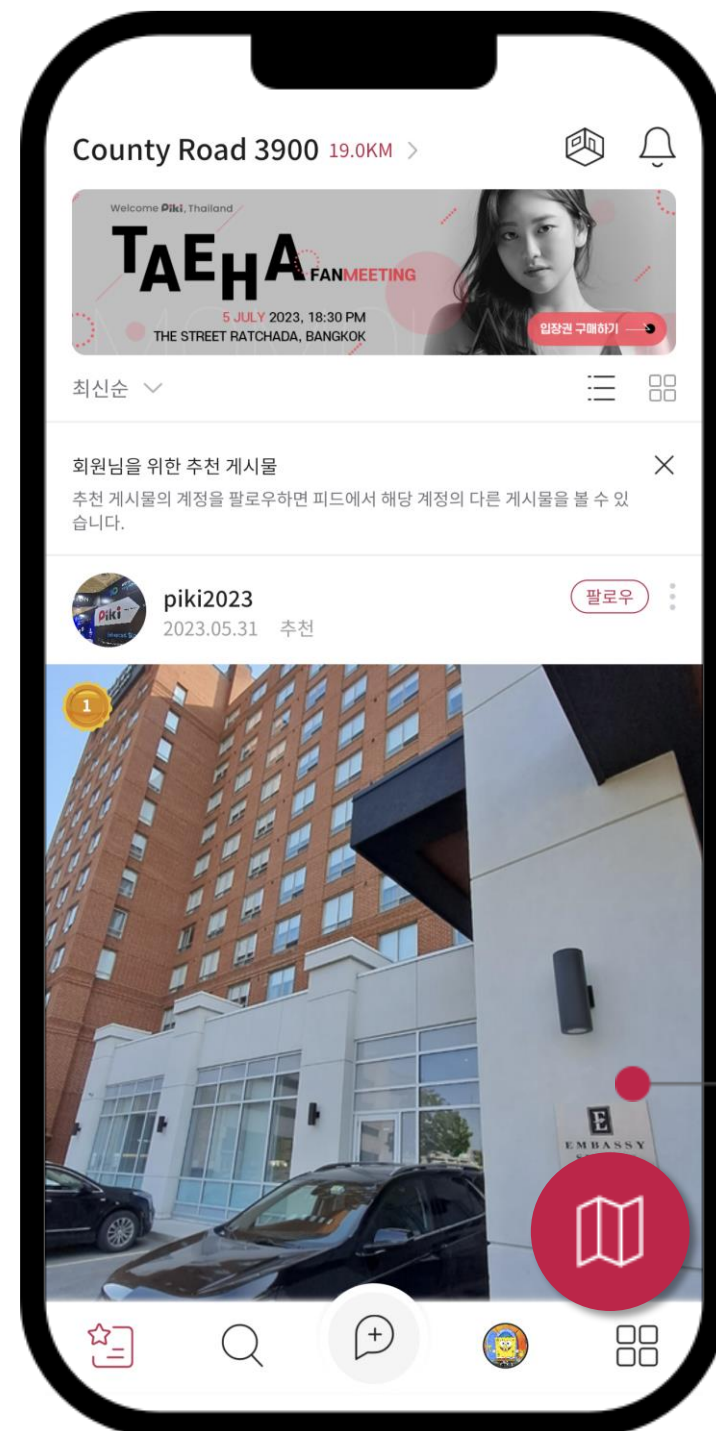

To sign up for Piki as an XTRION integrated member, start by entering your preferred email address. Next, input the 6-digit verification code that will be sent to you. After entering your desired password, confirm it once again for verification. Once you agree to the terms of service and the collection and use of personal information, your registration will be successfully completed.

## 2. HOME

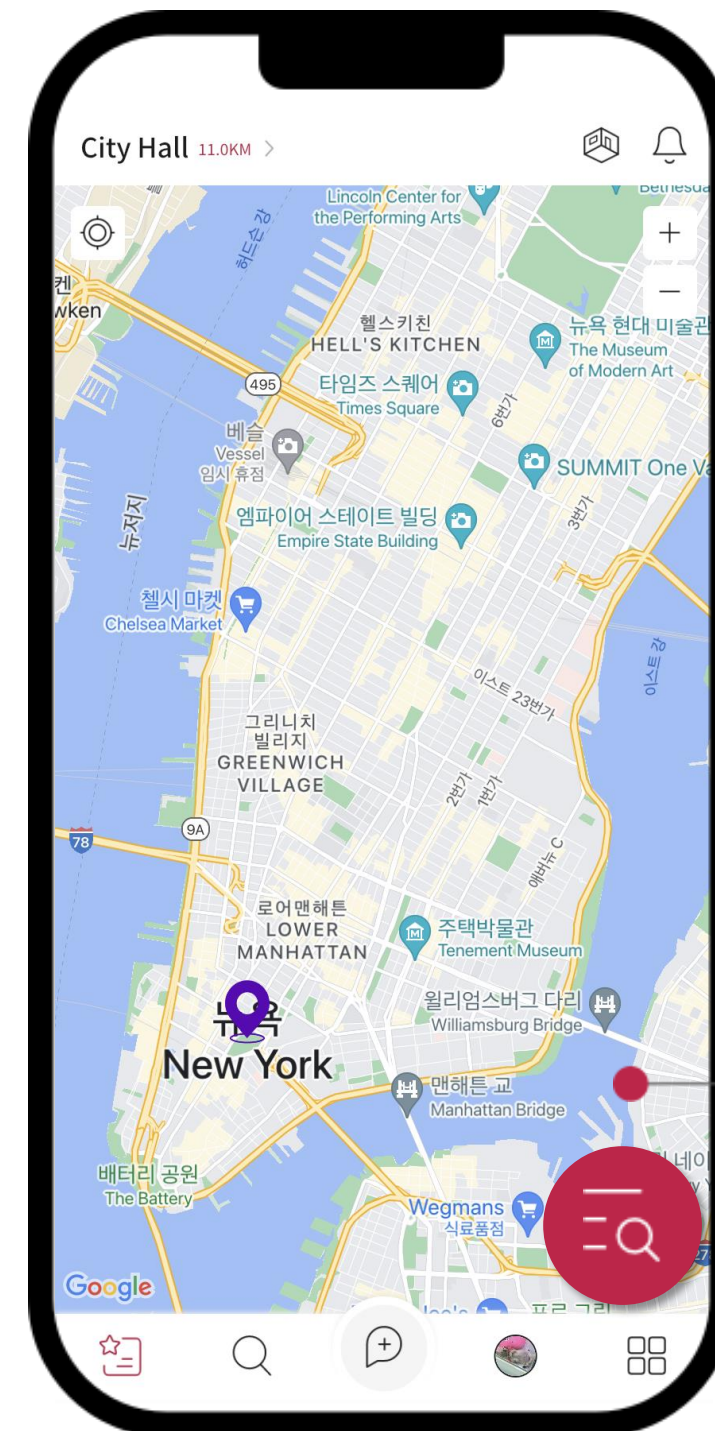

In the HOME section, you can conveniently **view "Piks" near your set location.**

HOME offers two supported viewing options: **"Feed View"** where you can gather and browse images, and **"Map View"** where you can easily view them through icons.

Feed

Switch to "Map View"

# 3. Search

By entering a search term in the top search bar, you can check the search results for places / hashtags / account results.  
You can also conveniently view recent search terms by enabling the "Save Recent Searches" option.

## 4. Post Pik

Please create a real-time "Pik" record of the place you have visited.  
Search for the location you are currently visiting and select the resulting option.

Write Pik

You can easily register a "Pik" by taking an on-site photo.

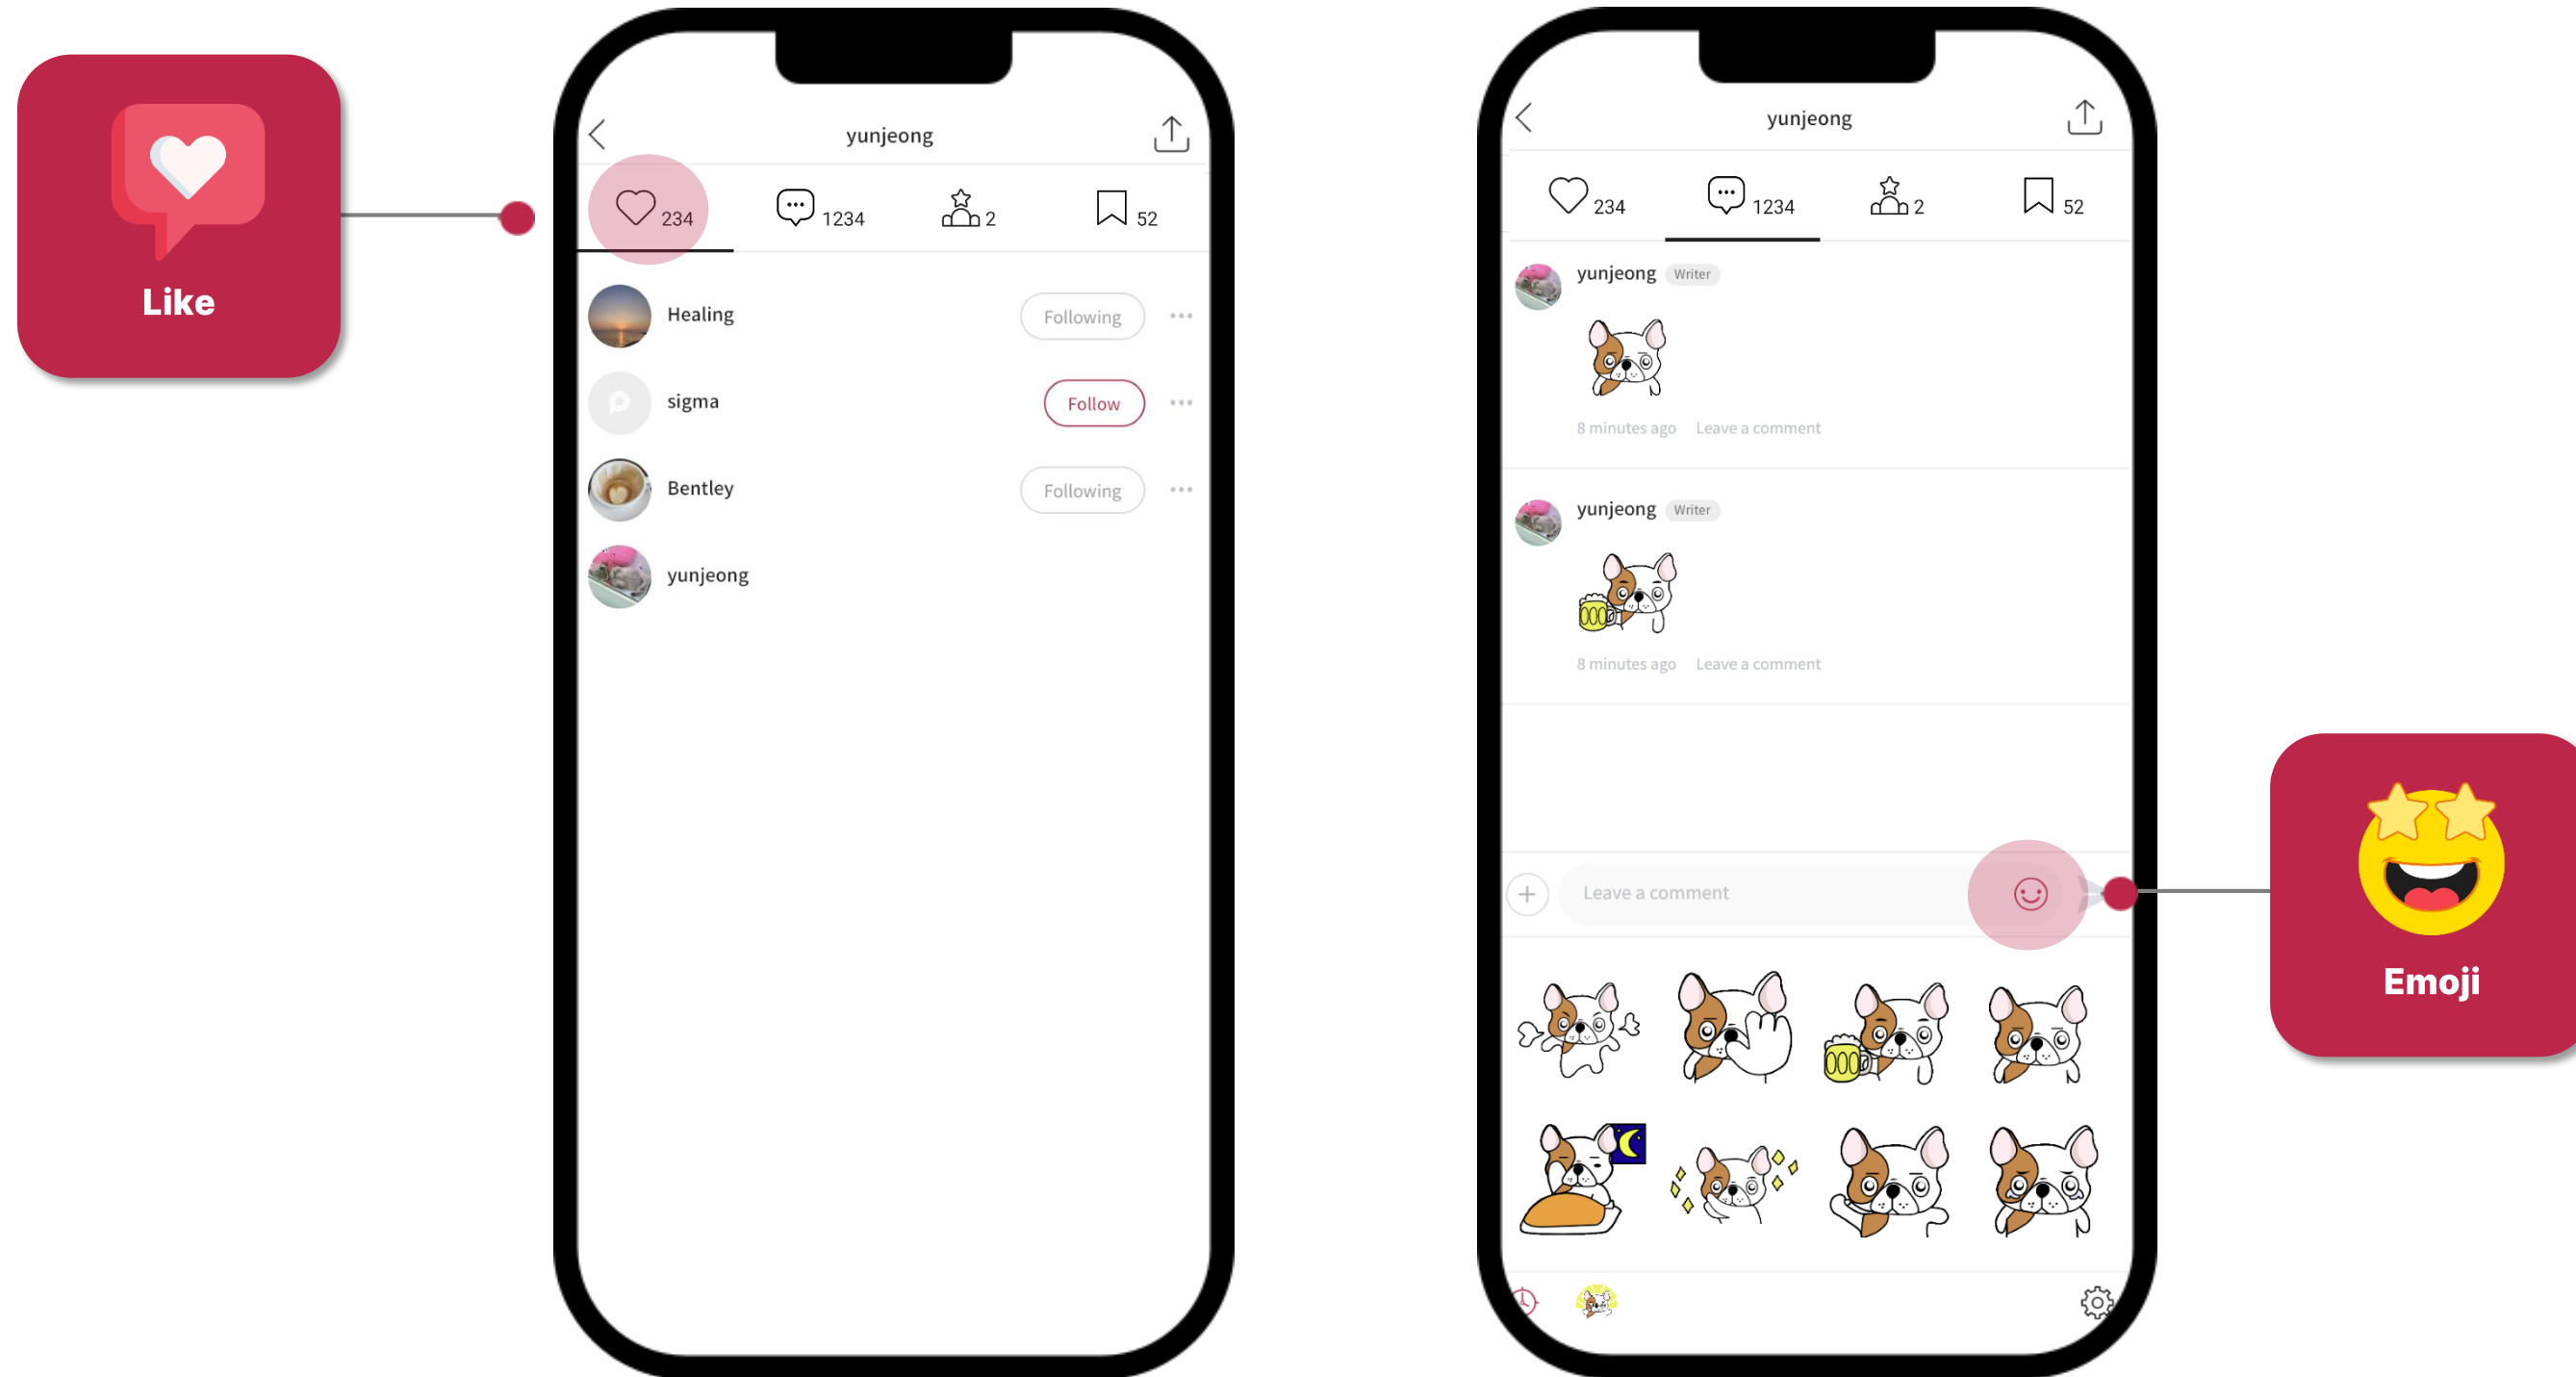

One on-site photo or video of the current location is mandatory, and you can add additional photos or videos from your album.

Upon successful registration of a PIK, you will receive a reward of 10 ACORN as compensation for posting the PIK.

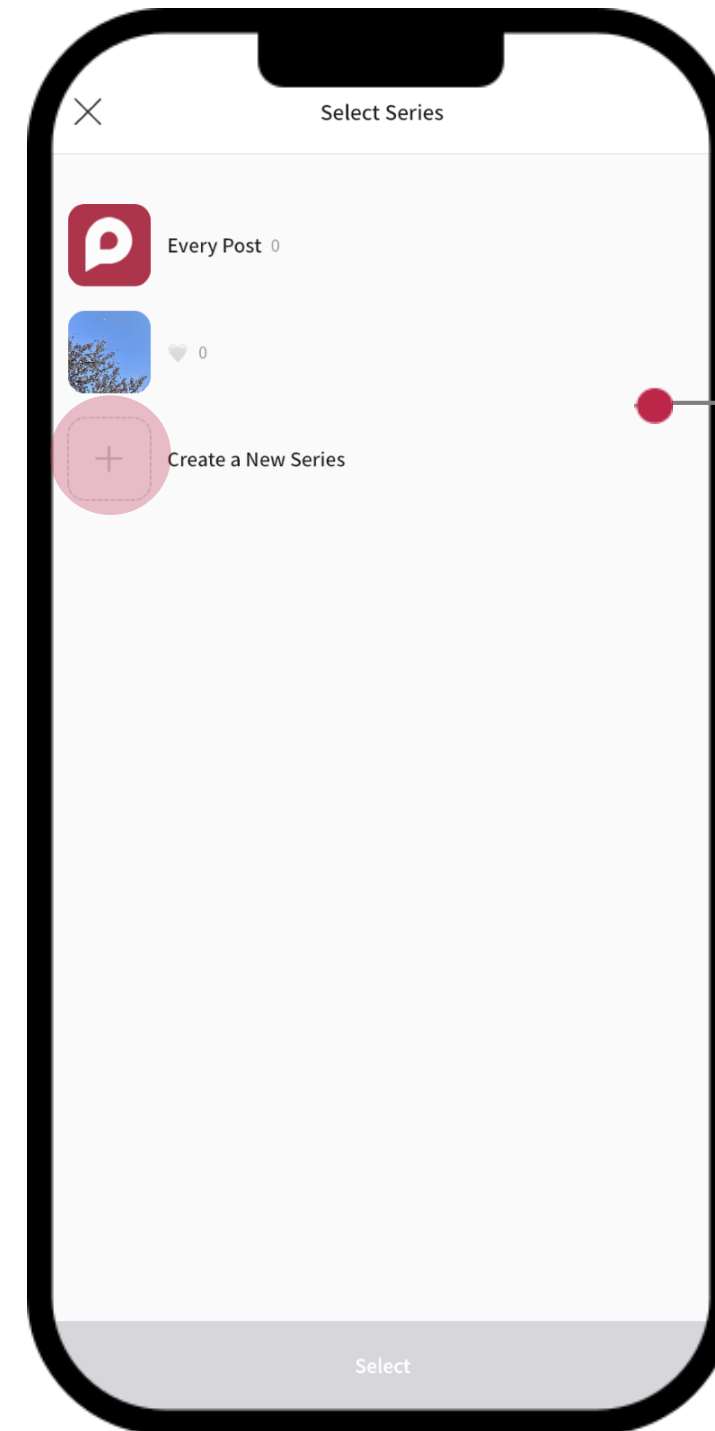

# 5. Like / Comment / Ranking / Bookmark

Feel free to leave your reactions to interesting content or special discoveries on the feed through "Likes" or "Comments."  
In the comments, you can express your emotions simply with not only text but also cute emojis.

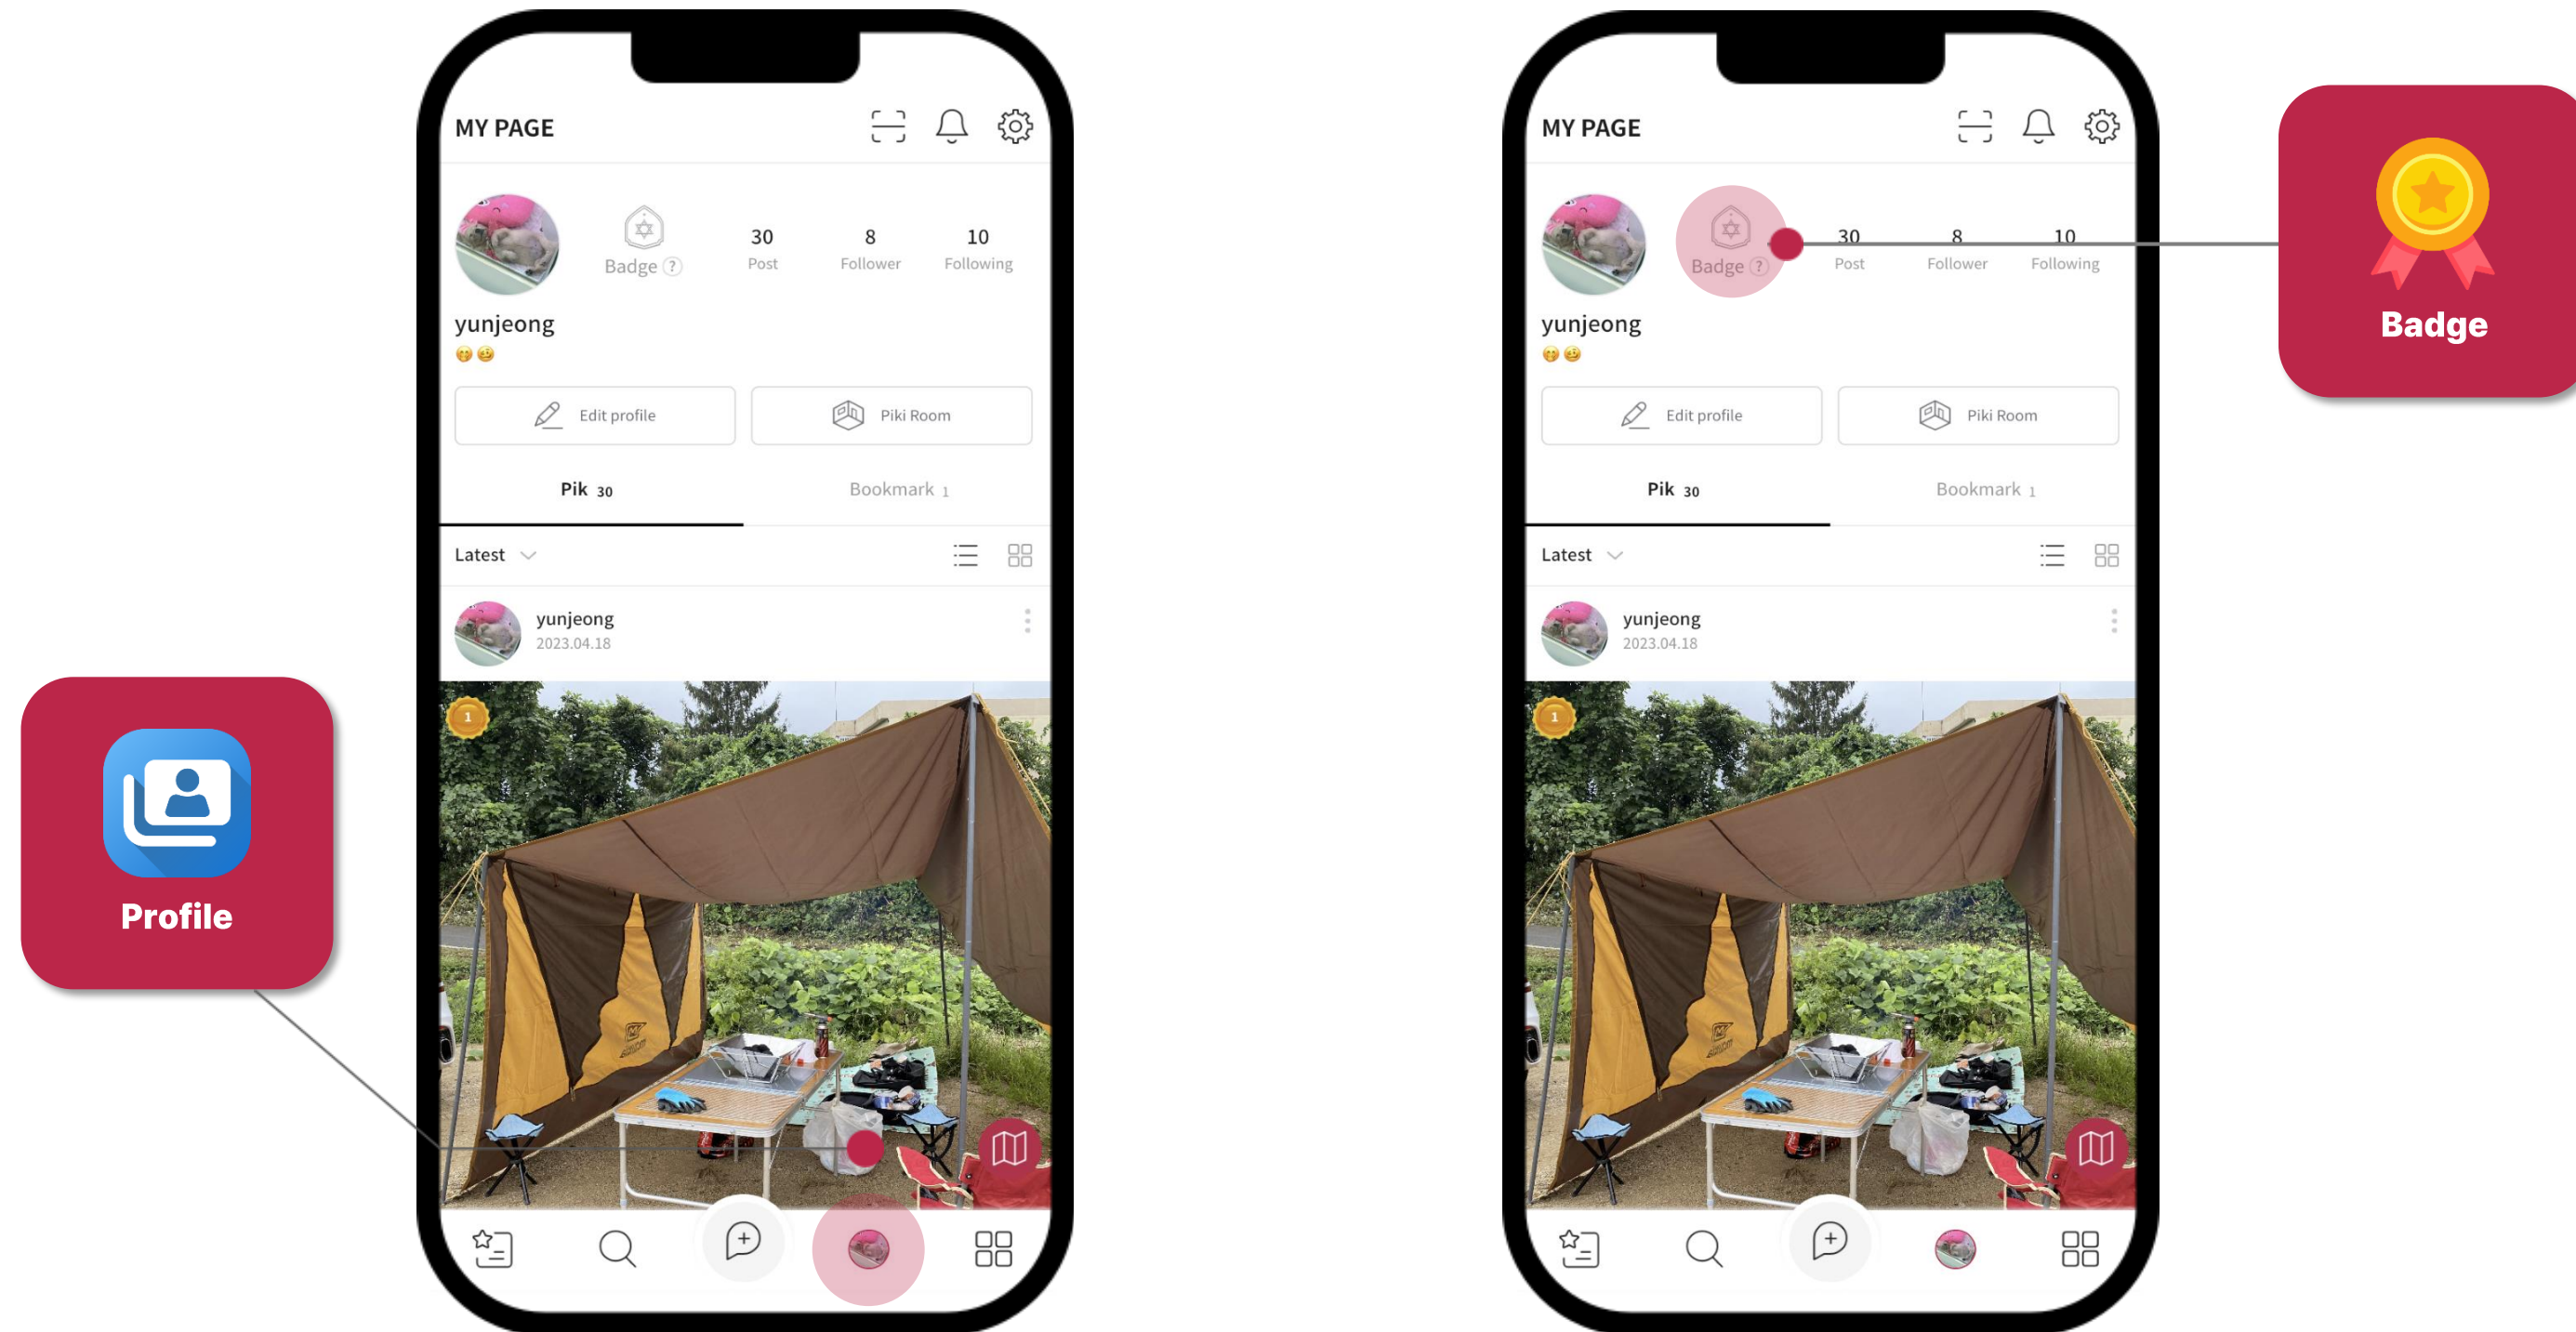

You can view Piki that have been created in the same location, sorted by the order of their creation, in a **"Ranking"** format. Furthermore, you can **"Bookmark"** Piki that you find appealing to organize them into folders.

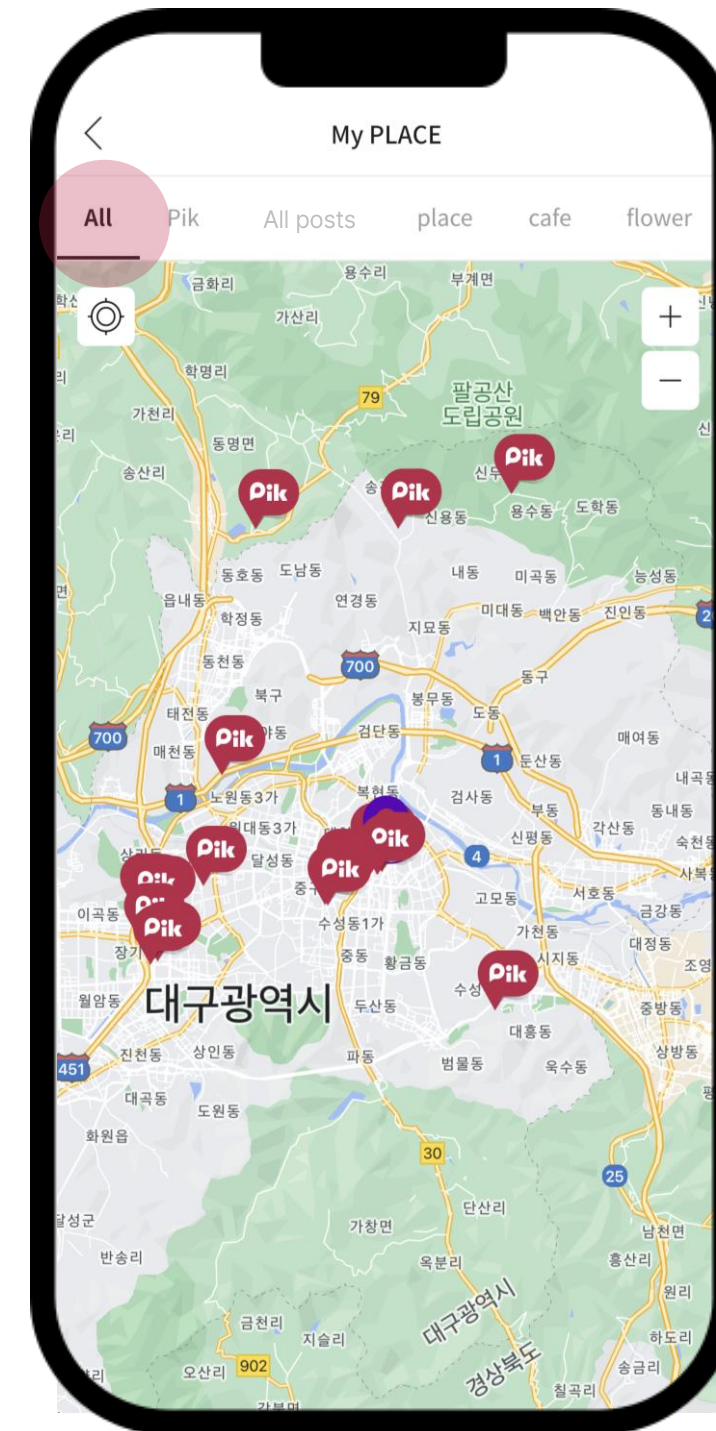

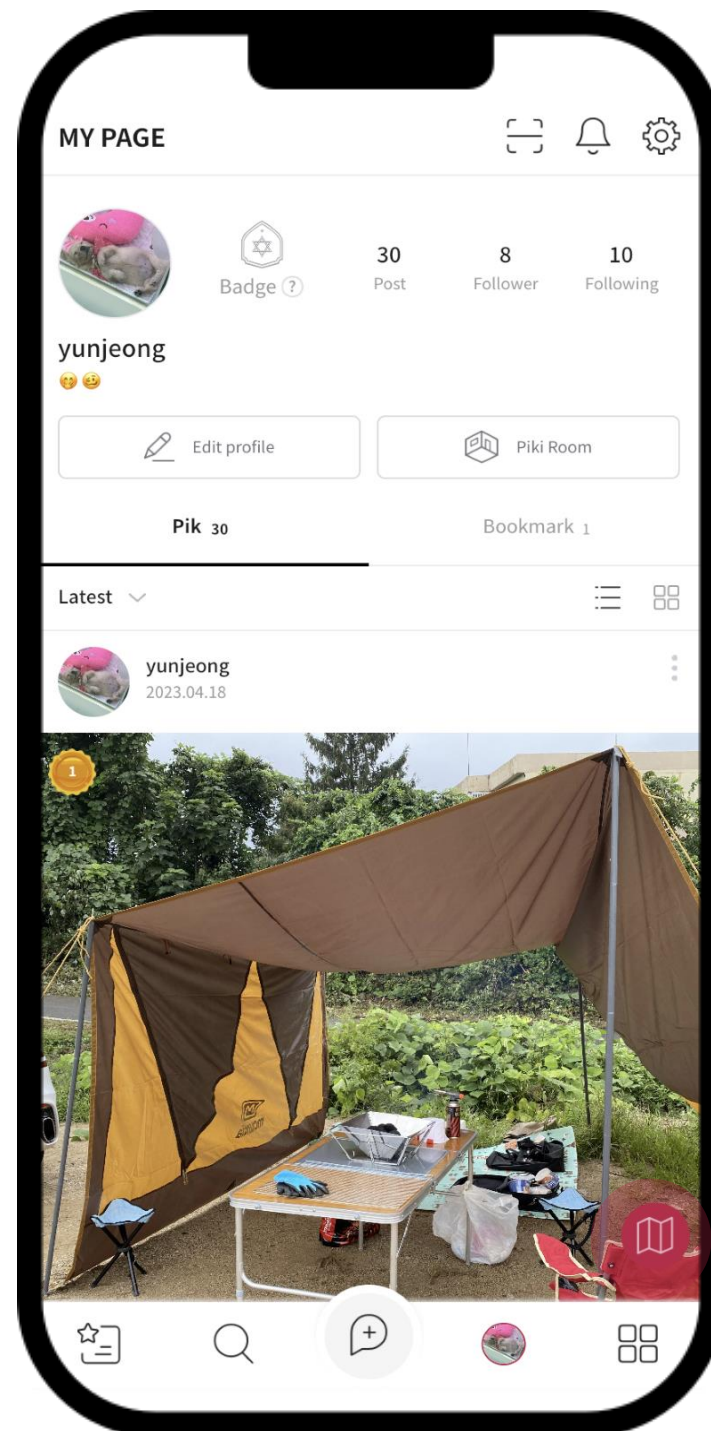

## 6. My Page

You can easily view your own created Piks and bookmarked items at a glance, both in the feed and on the map. Additionally, you can check the **"Badges"** that you have earned through your activities in Piki. Experience the fun of collecting Badges that are awarded based on your engagement!

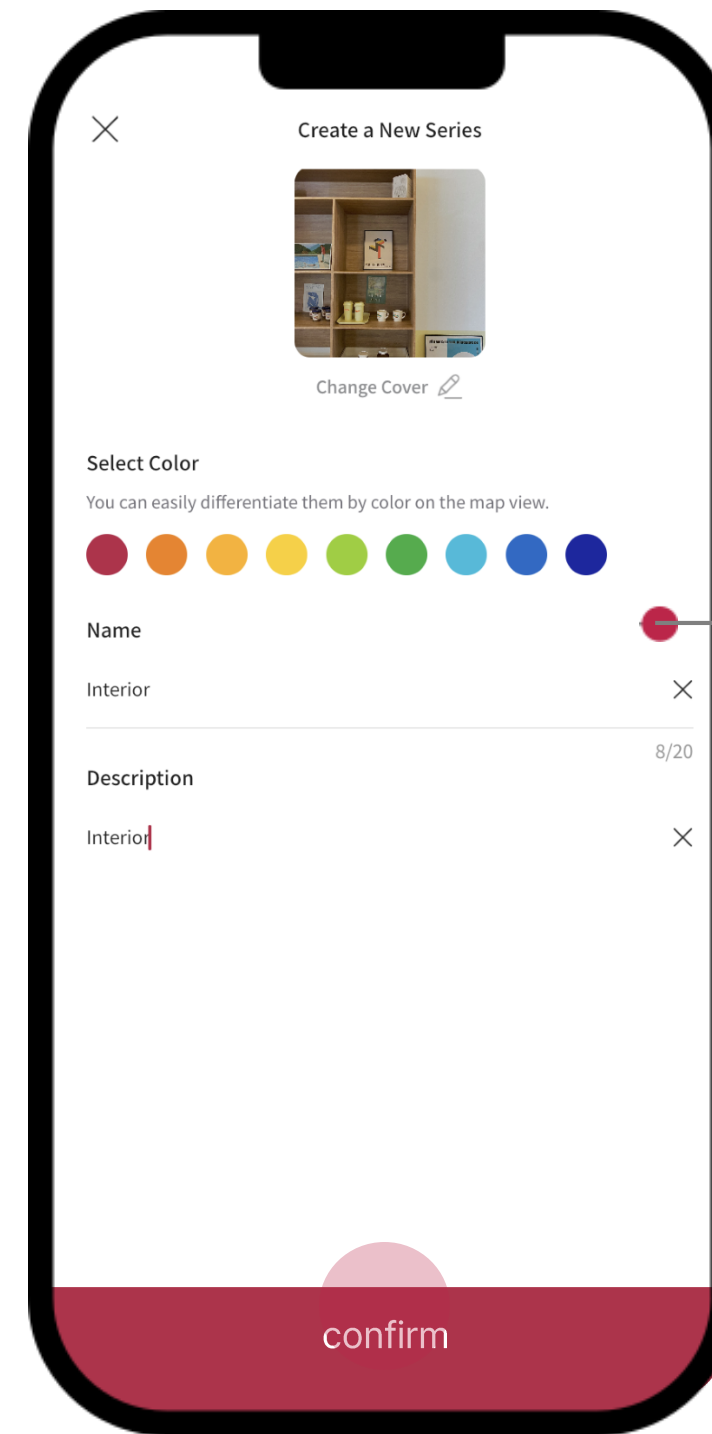

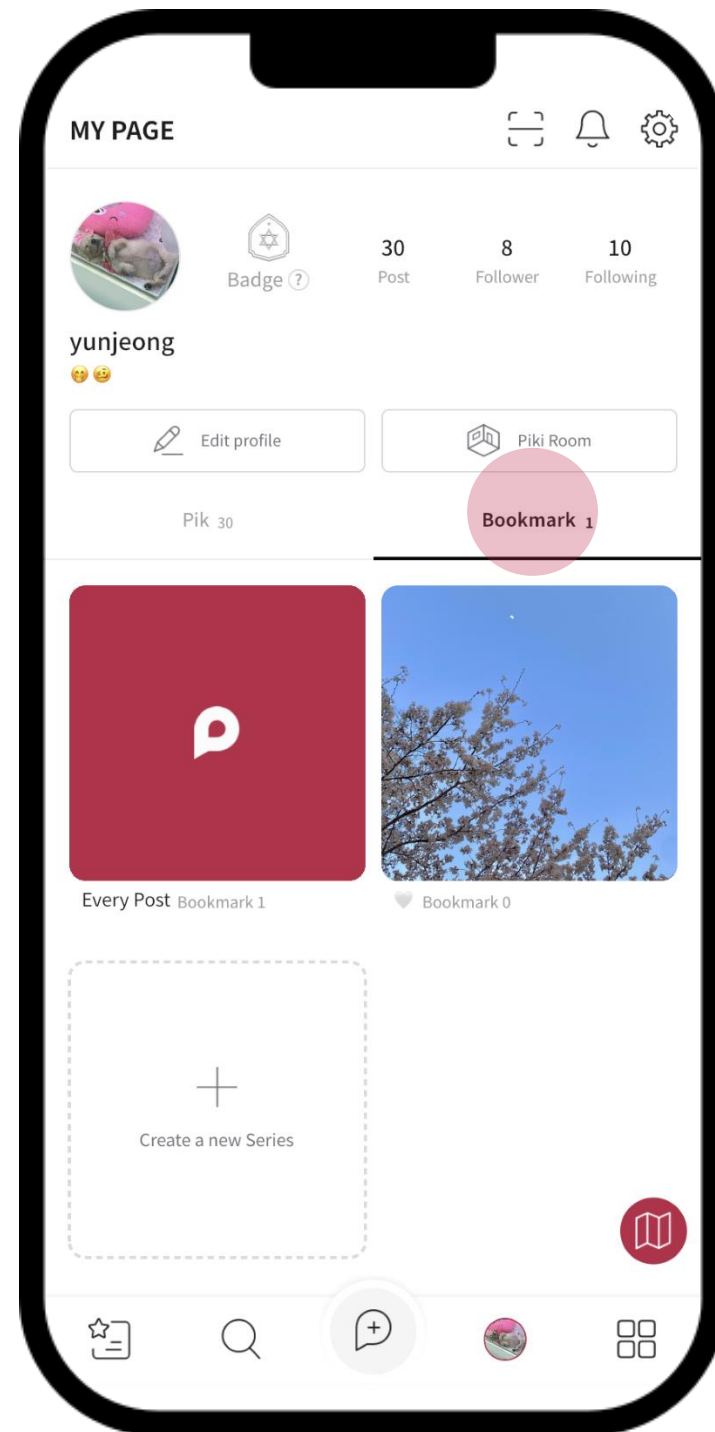

Clicking on the "View Map" button below will take you to "My place".  
Gather your existing Piks and bookmarks on the map for a quick overview!

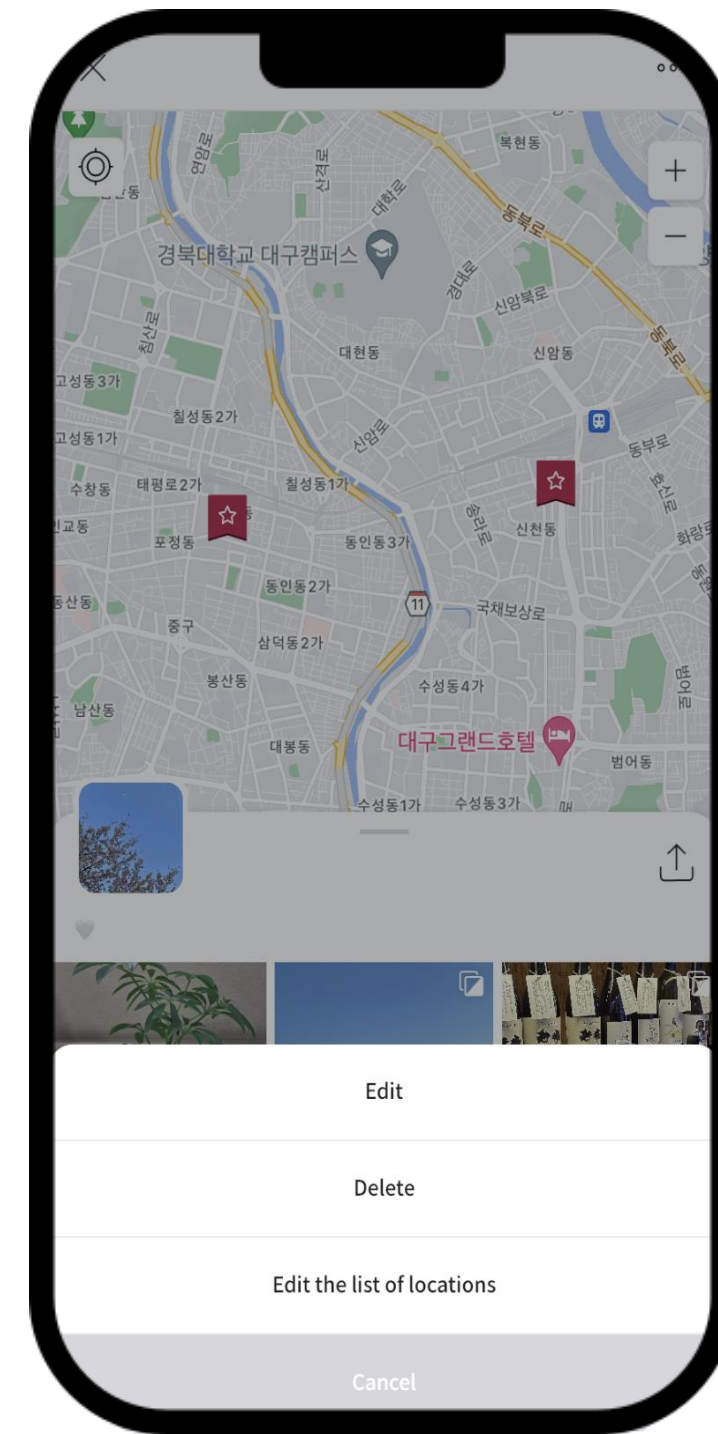

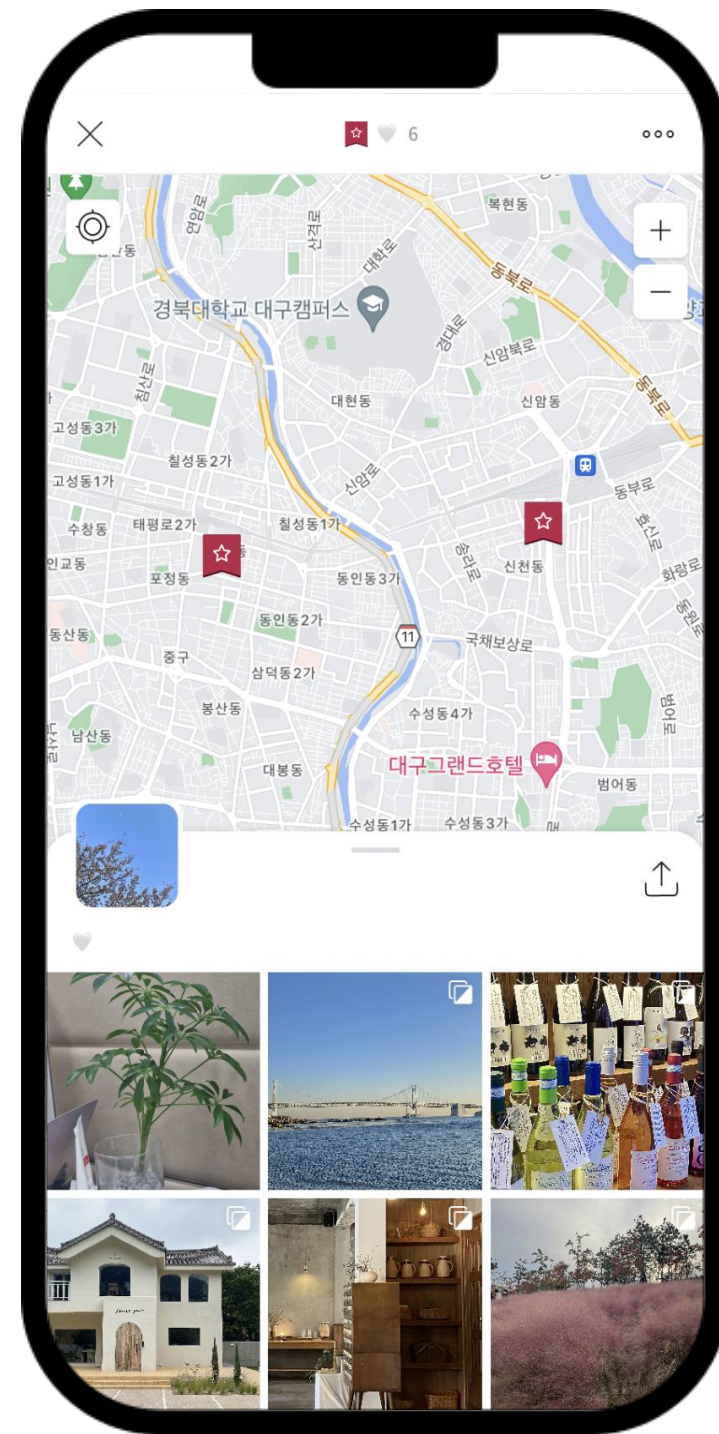

In the "Bookmarks" tab, you can browse through various "**Bookmark Series**" organized by different themes. You can categorize series based on your preferences, such as restaurants, travel, hiking trails, and create special themed maps to share with others.

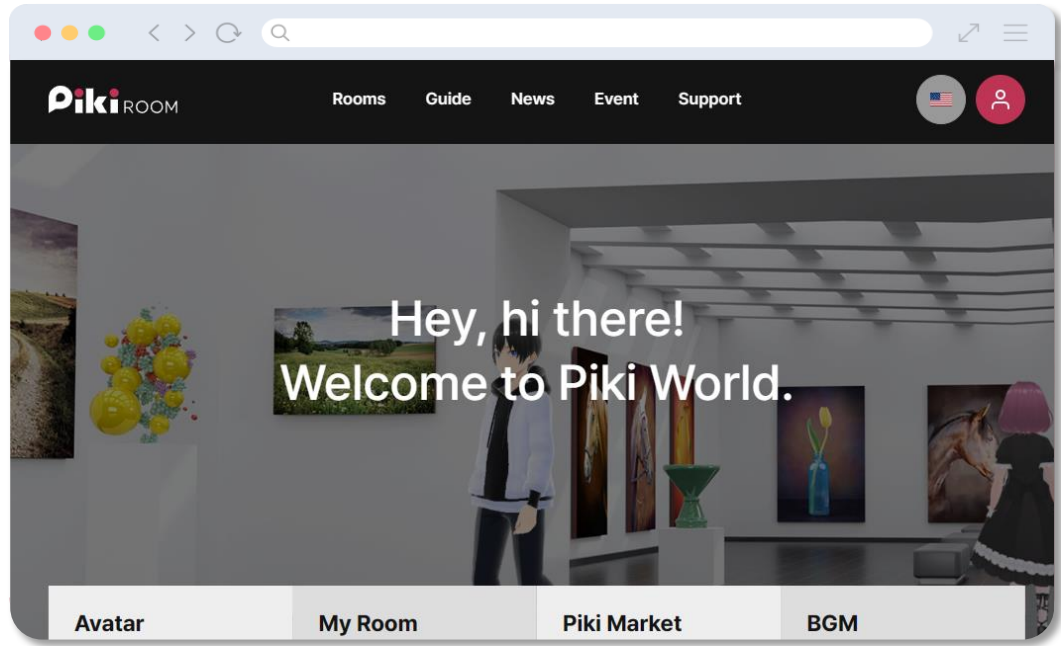

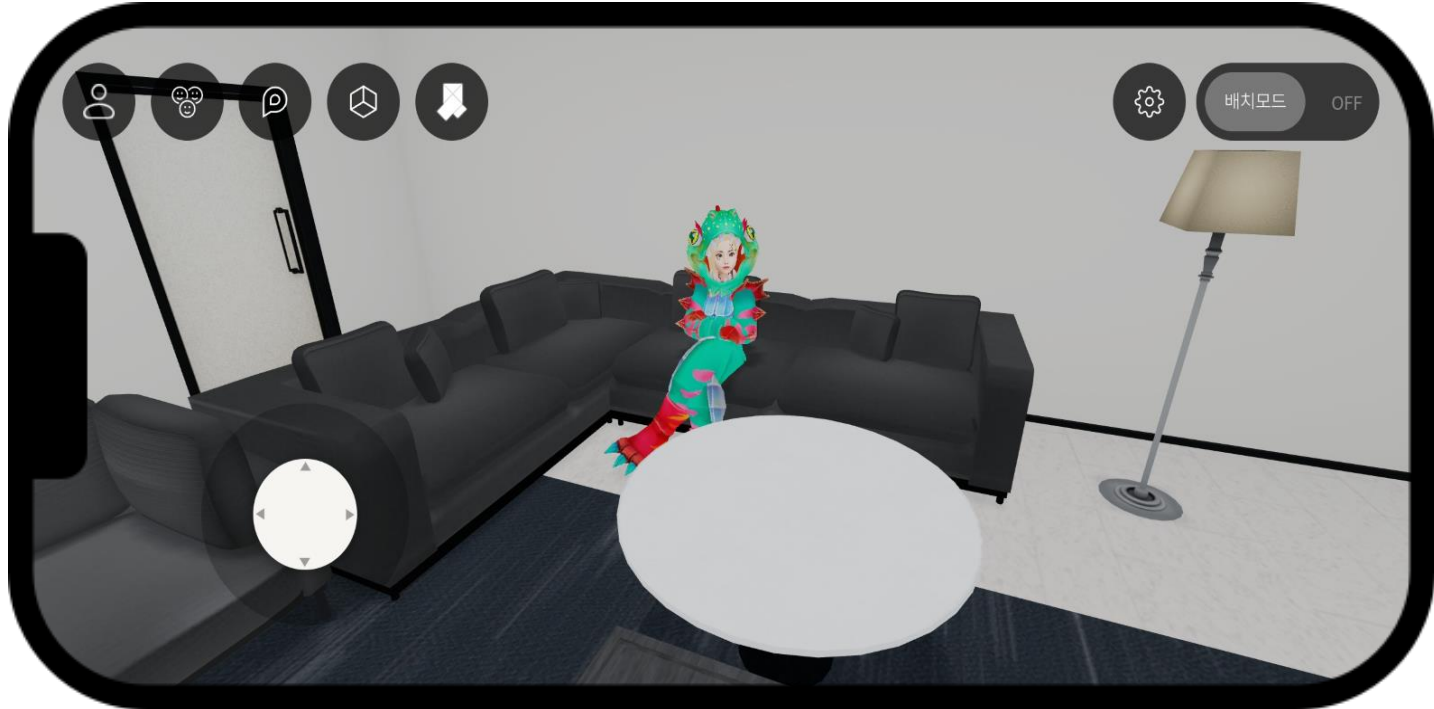

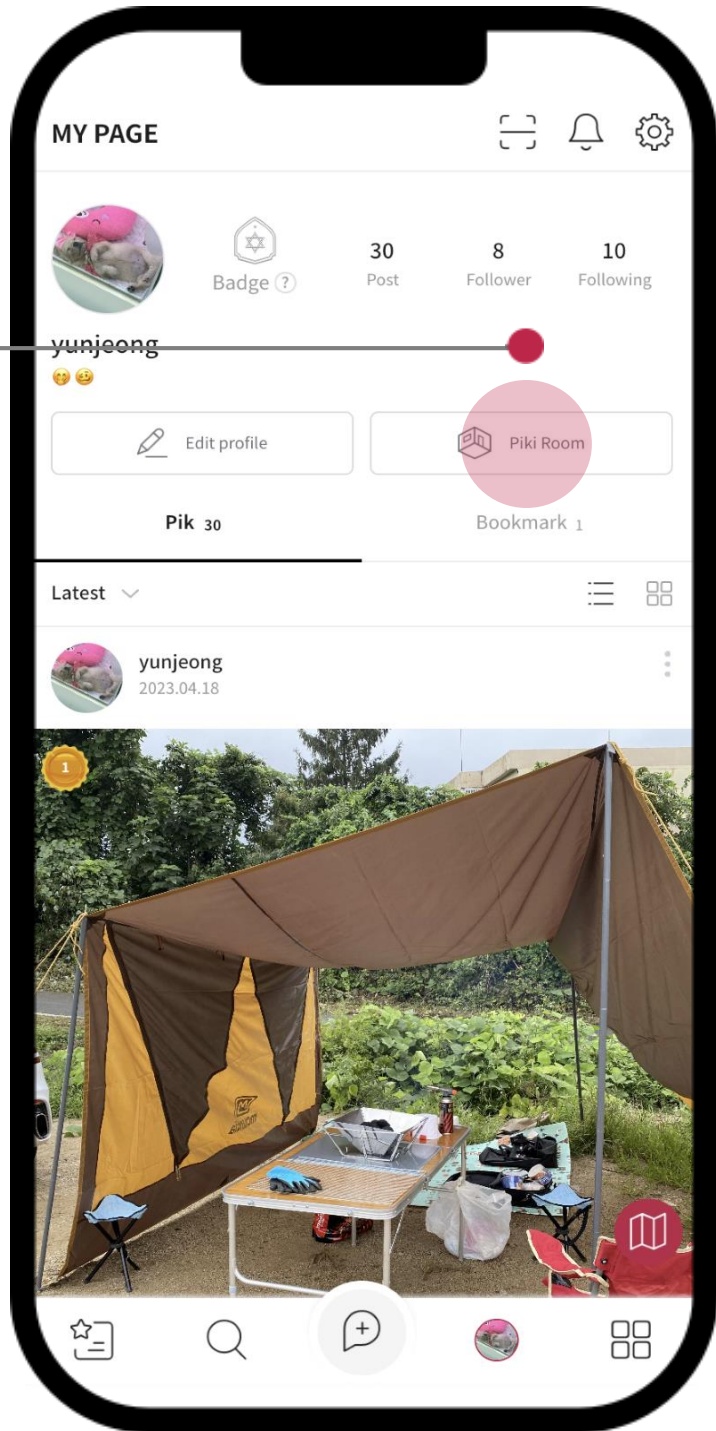

You can view the bookmarks that have been collected under special themes through both the map and images.  
Additionally, you have the option to edit the information of bookmarks or edit the list of bookmarked places.

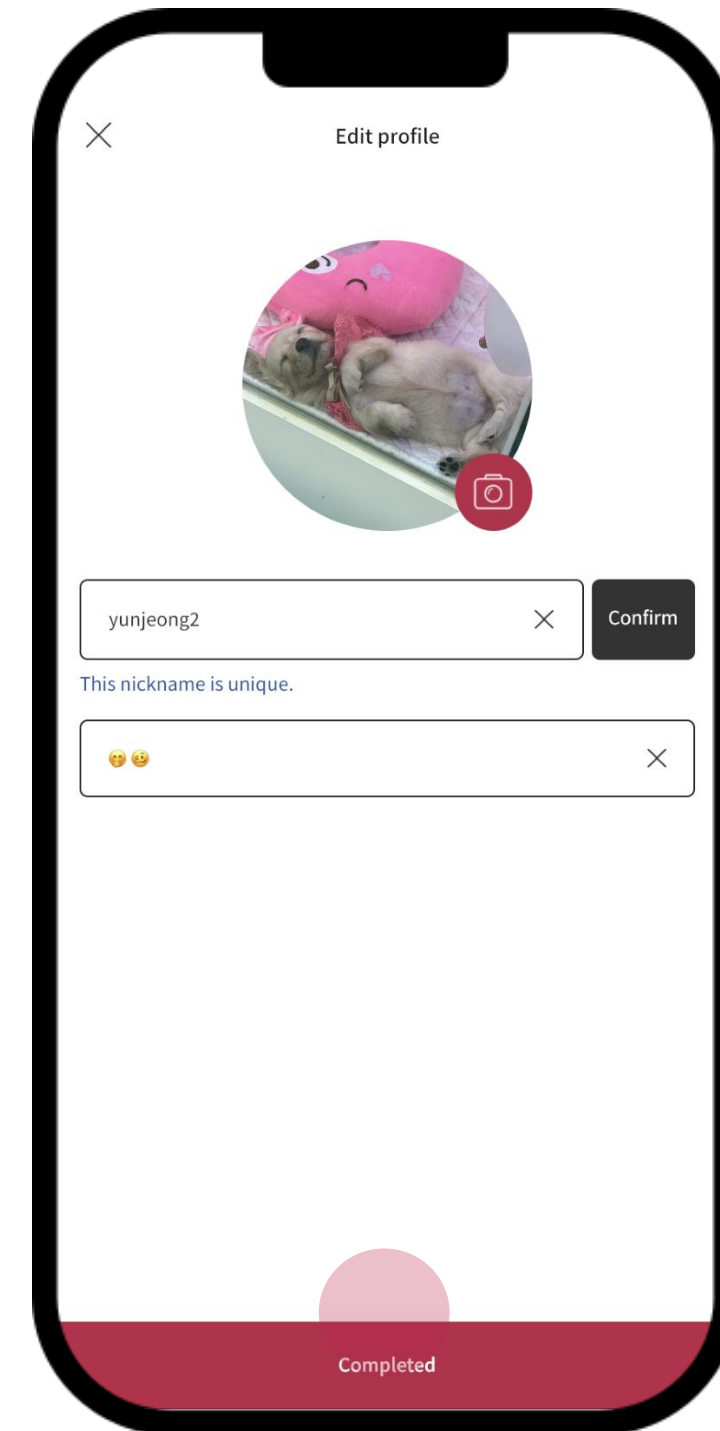

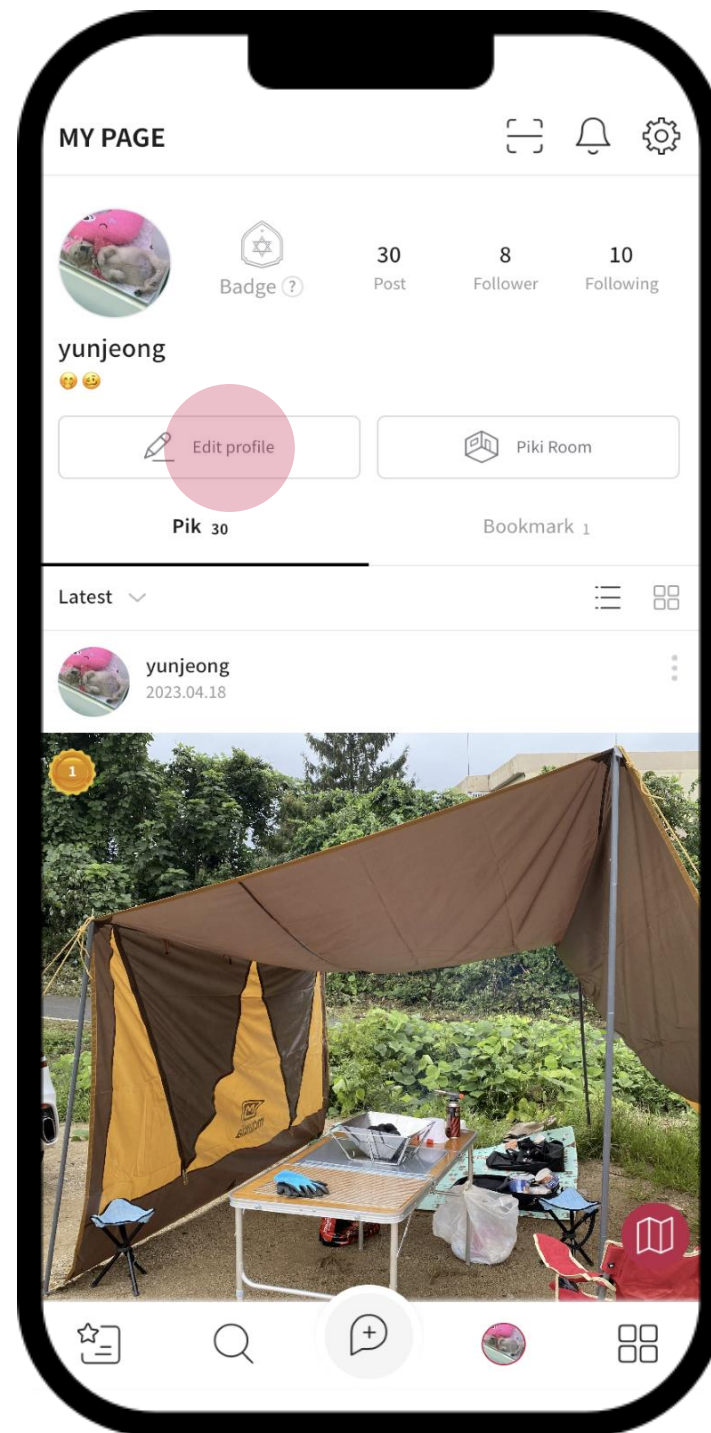

You can navigate to the local metaverse called "**Piki Room**," which is based on your current location.  
In the "**Piki Room**" connected with Piki, you can uniquely decorate your own room.

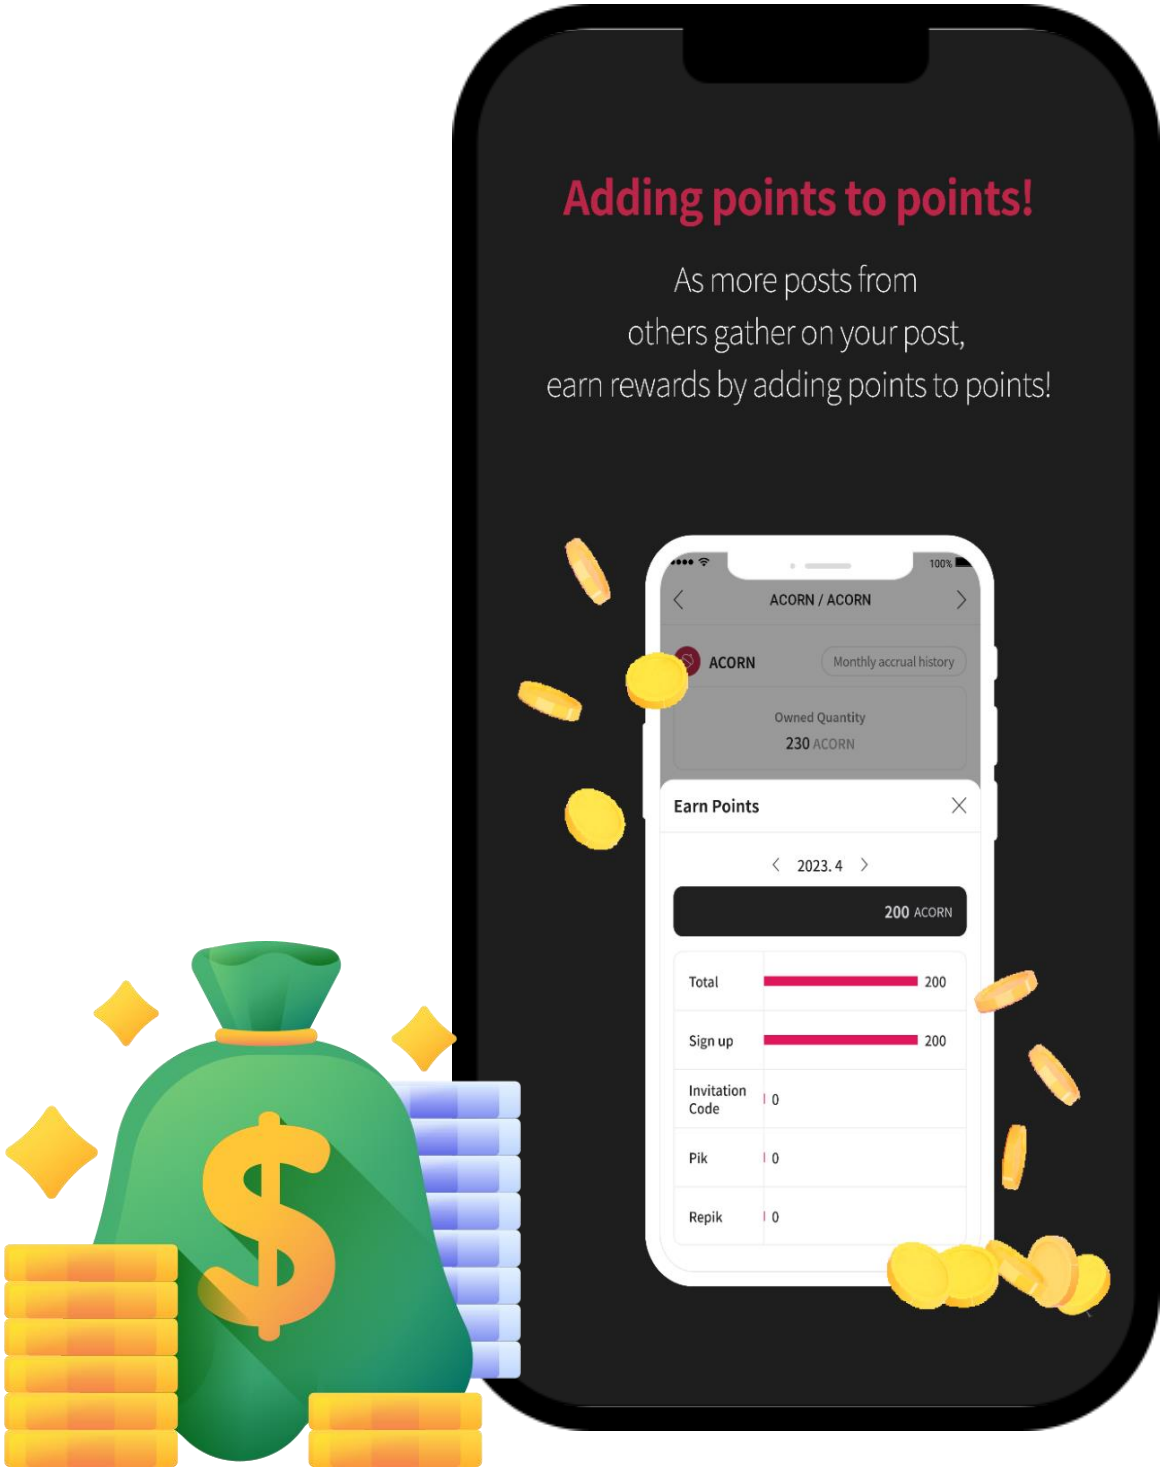

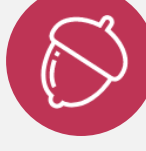

If you want to enjoy Piki even more, try decorating your **"Profile"**.  
Increase your followers with a profile image that represents you, a unique nickname, and a catchy one-liner introduction that expresses yourself.

# 7. ACORN Point

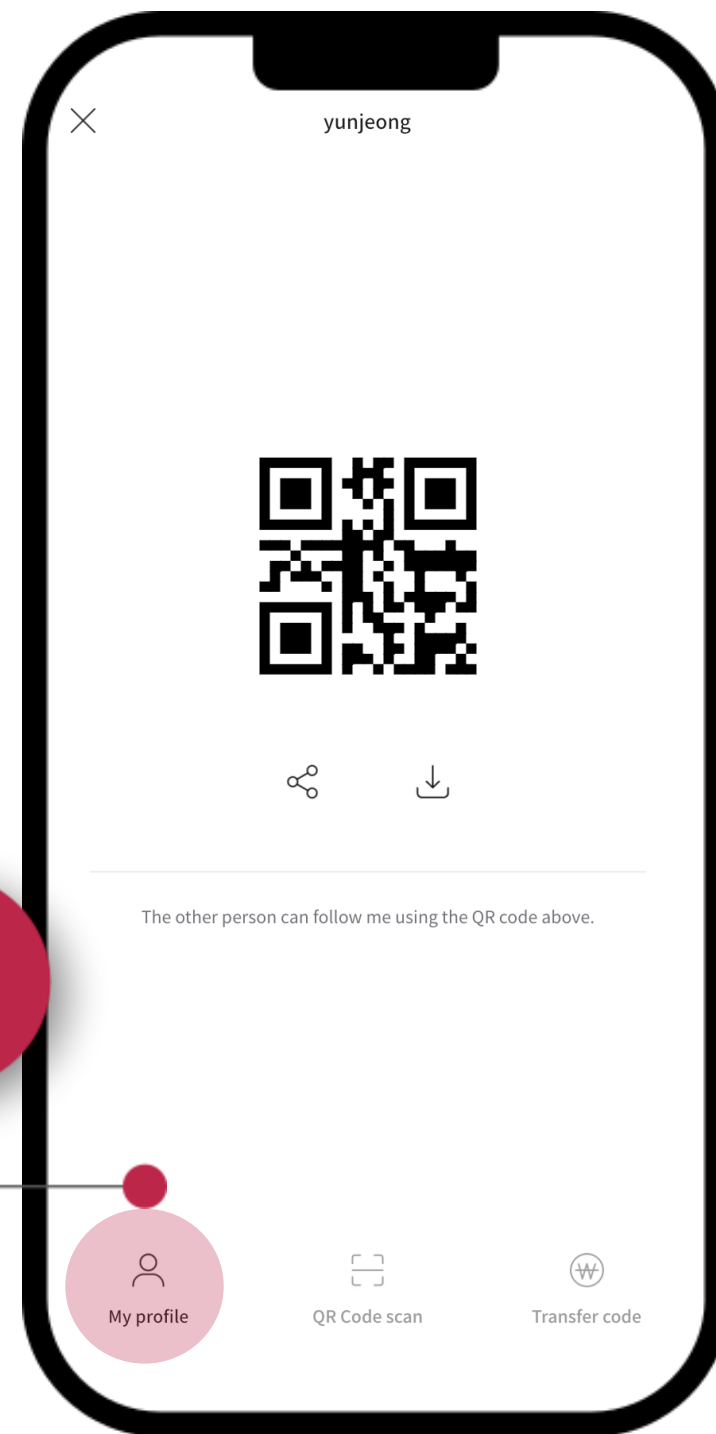

PIKI rewards users with ACORN(POINT) as a reward for posting "Pik", and these ACORN can be widely used within the Piki integrated services. Accumulated ACORN through various event benefits can be used to purchase "Piki Room" items or to purchase NFTs in the "Piki Market".

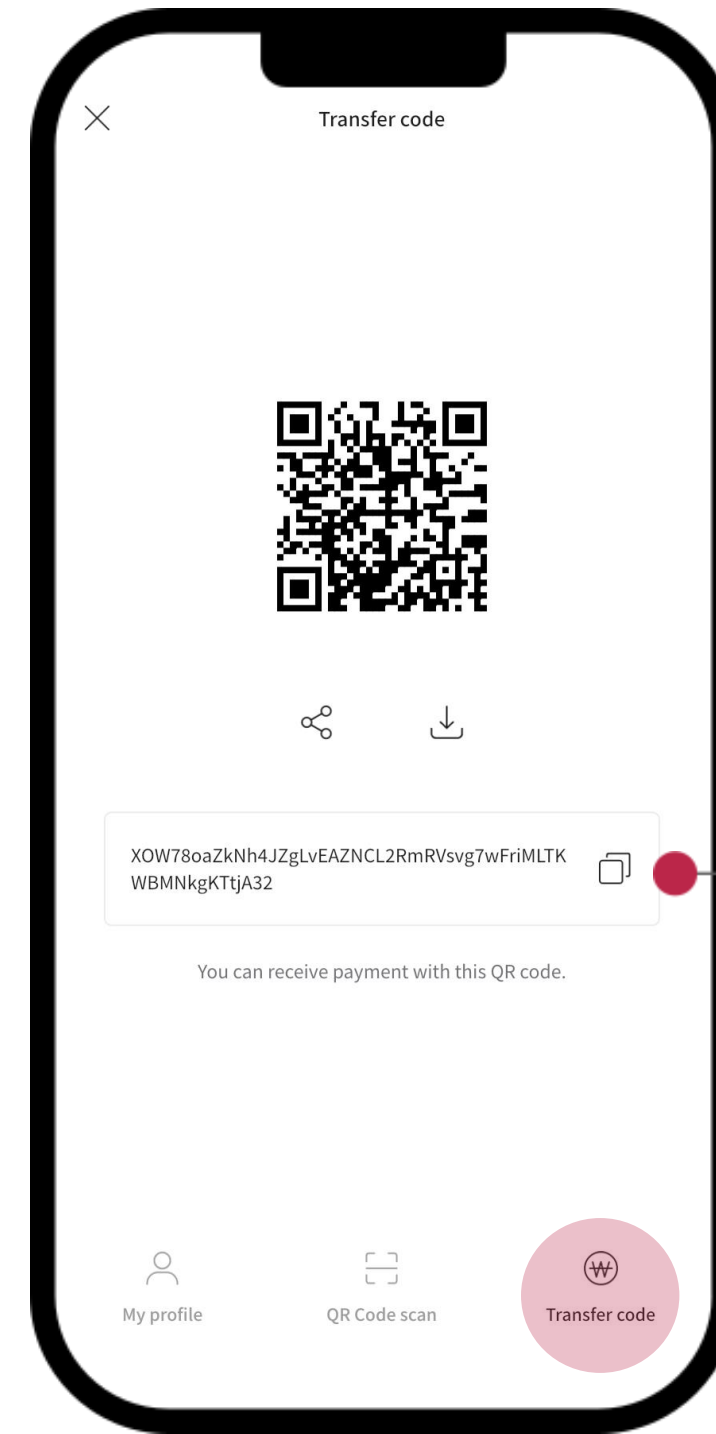

-  **Post Location Occupying Pik** **+ 10 ACRON**  
└ For each Pik added to original Pik **+ 0.1 ACRON**
-  **Post Pik** **+ 5 ACRON**
-  **Sign up** **+ 200 ACRON**
-  **Enter referral code** **+ 100 ACRON**

## 8. QR Code

Anyone can easily follow using QR codes, and you can conveniently send and receive cryptocurrencies by sharing transfer codes or wallet addresses.

Simply select the share icon located below my profile QR code.

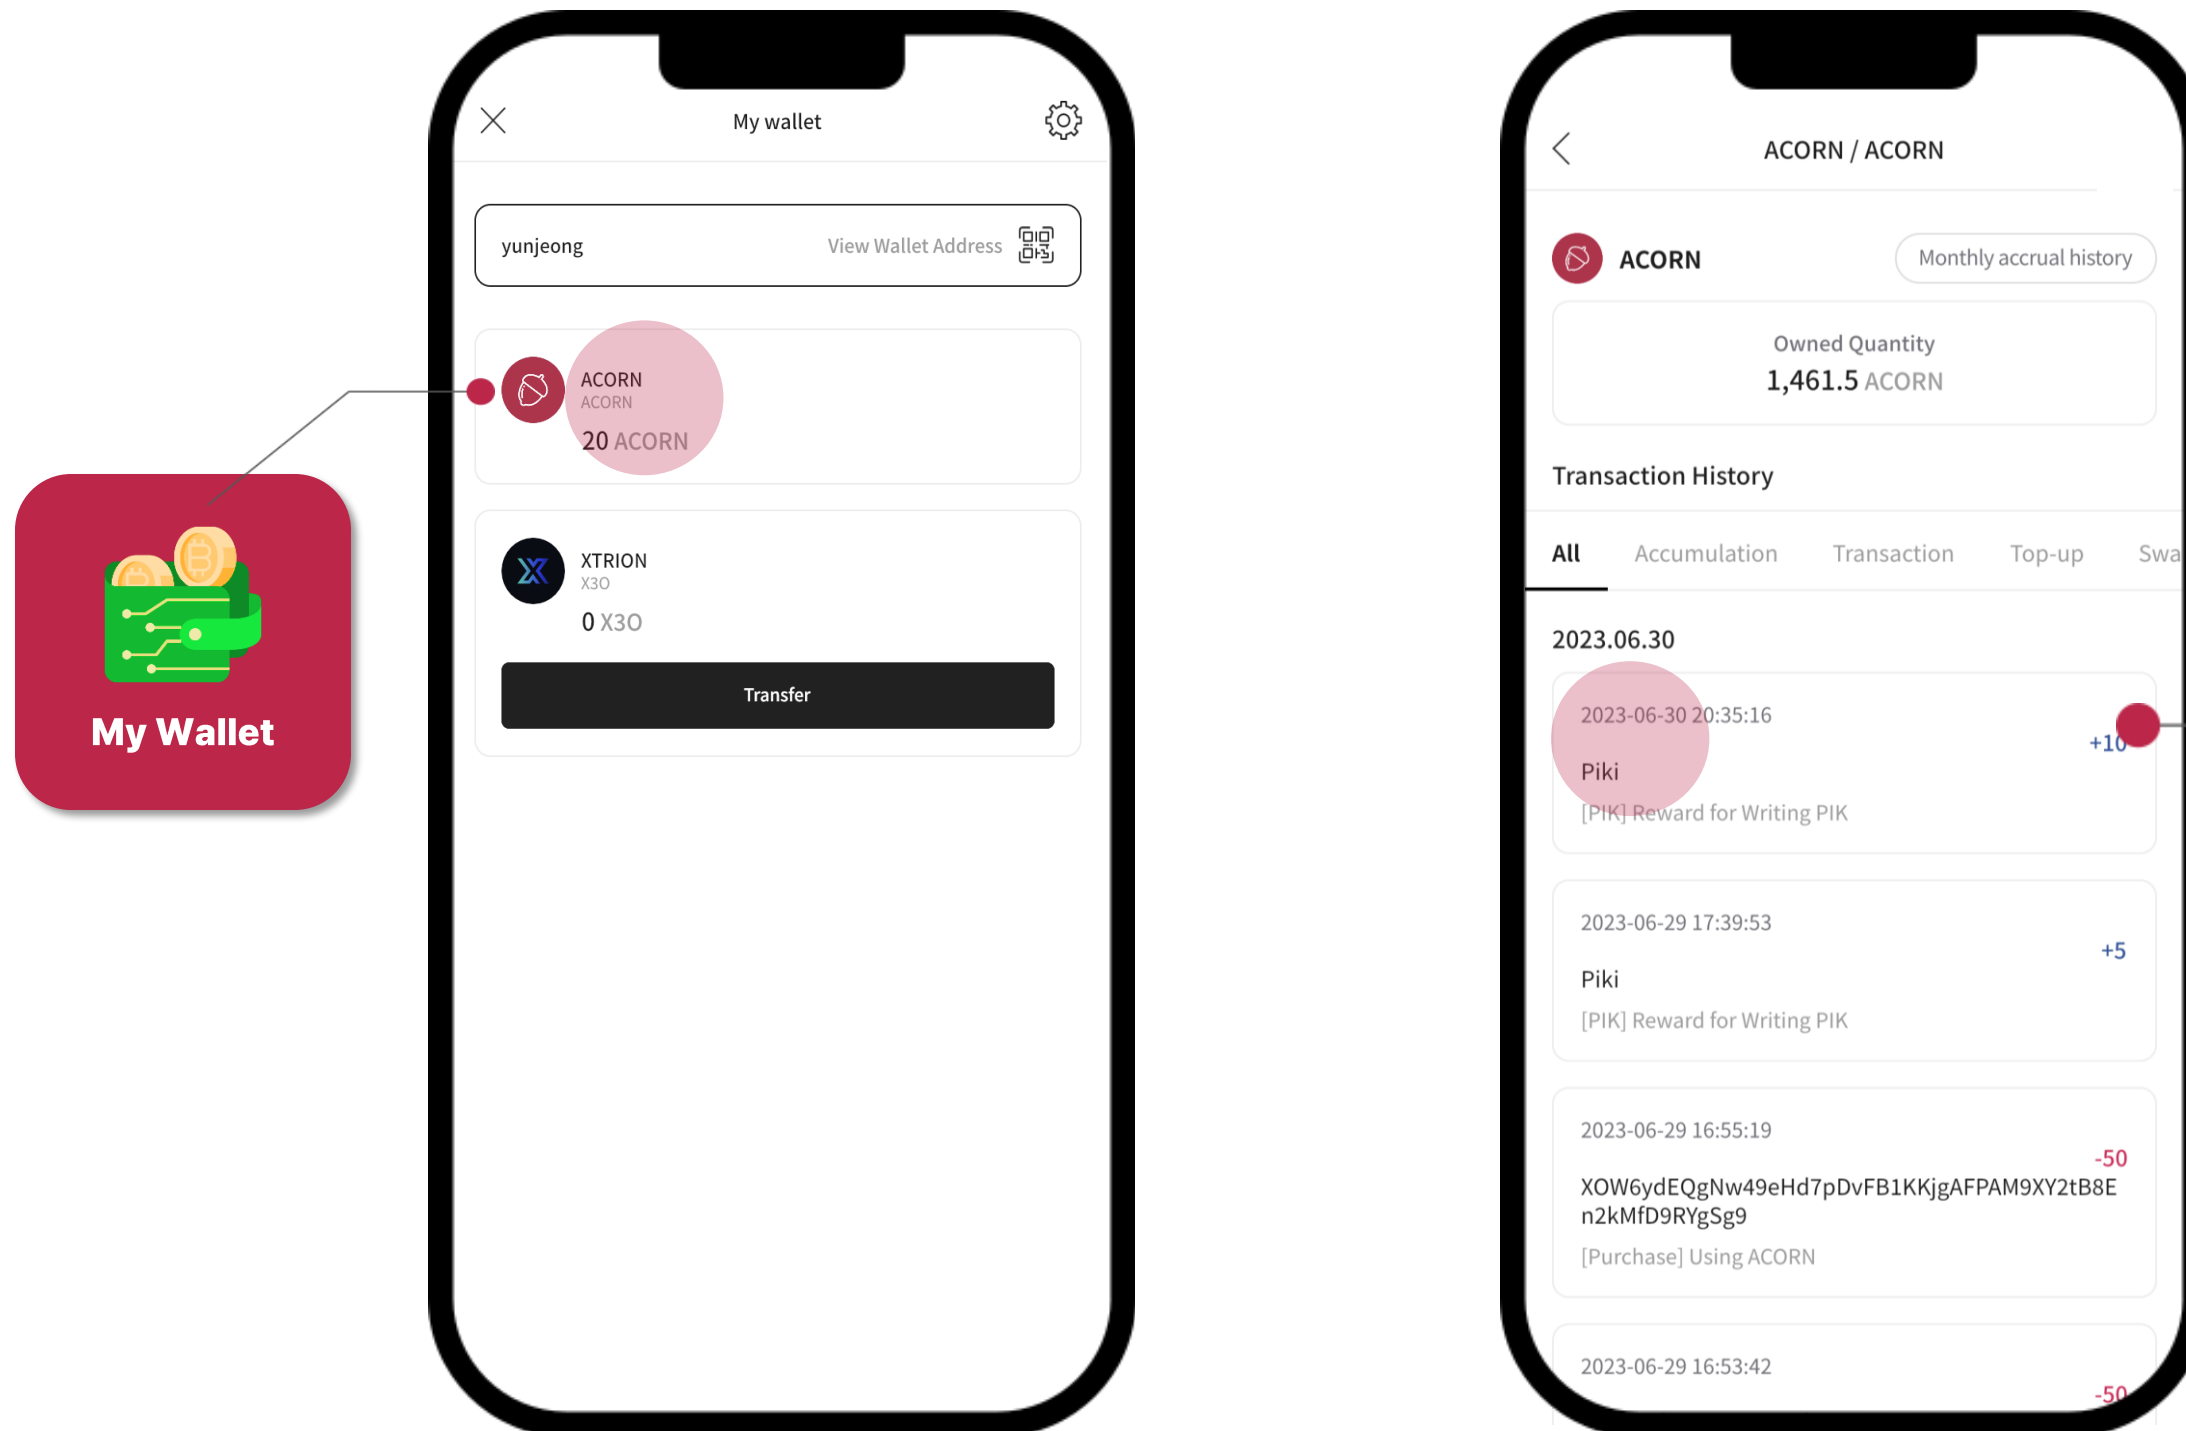

You can share your transfer code as a QR code or copy and share your wallet address.

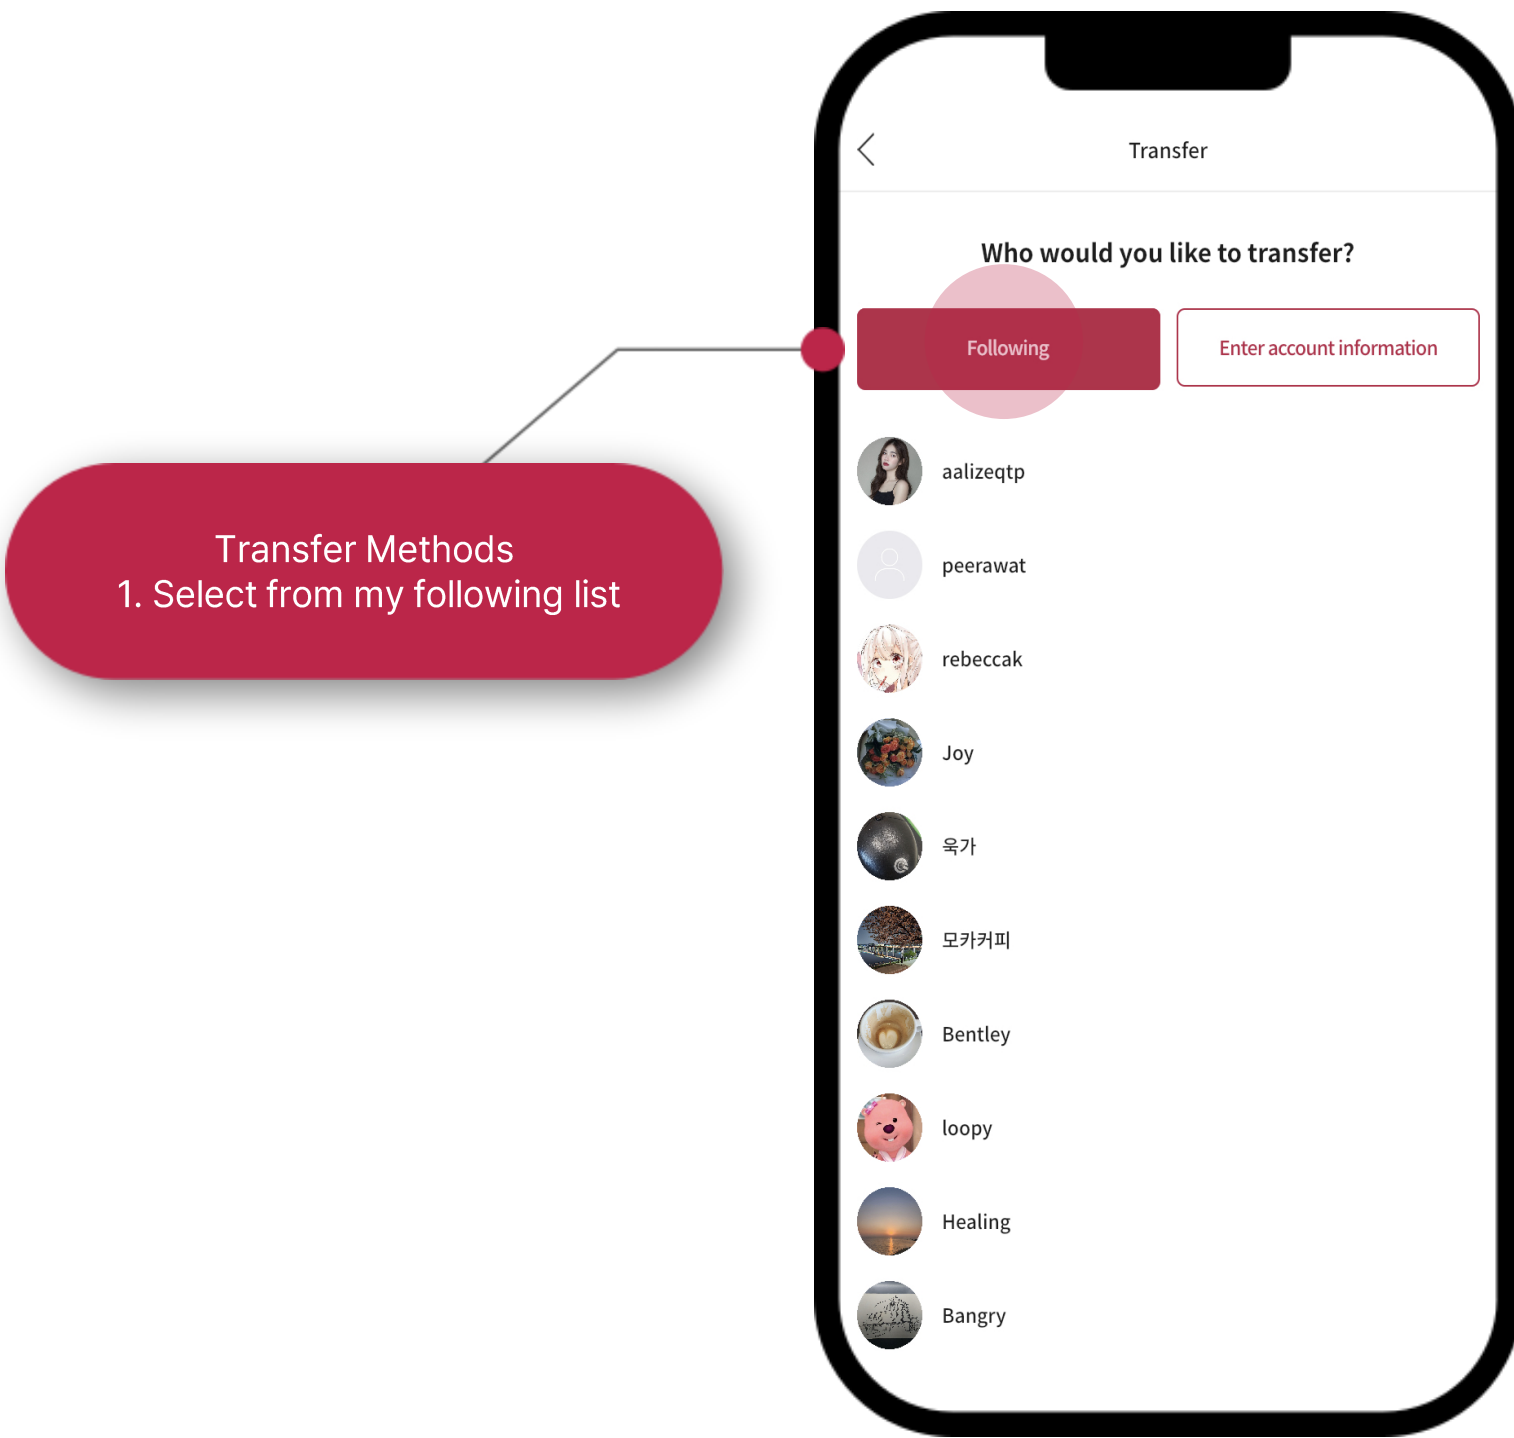

## 9. My Wallet

Piki Wallet is a virtual electronic wallet where you can store X3O, a cryptocurrency based on XTRION. When you join as an XTRION integrated member, an electronic wallet is automatically created for you. Your holdings of X3O, ACORN (points), and NFTs are stored in my wallet.

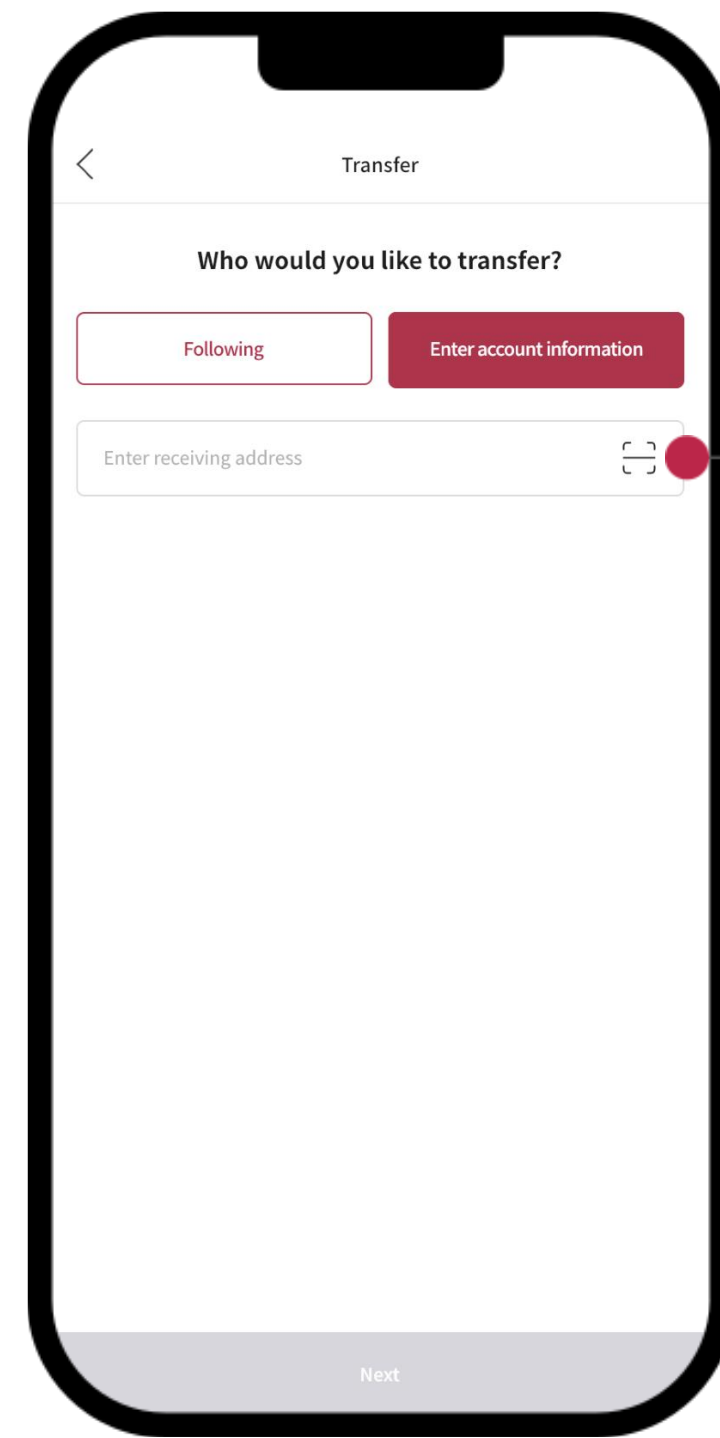

There are two methods available for transfers: "Following Transfer" and "Account Input."  
For "Account Input," you can scan a QR code to automatically input the wallet address.

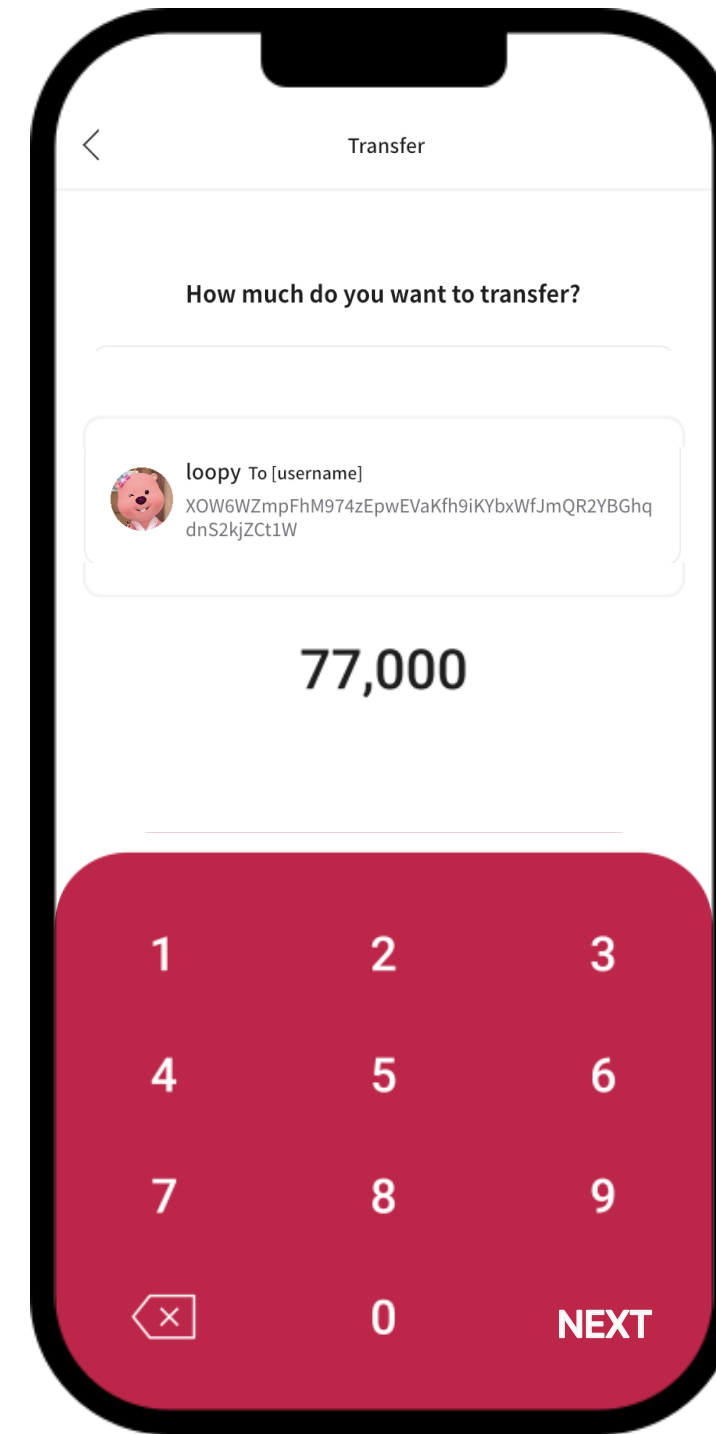

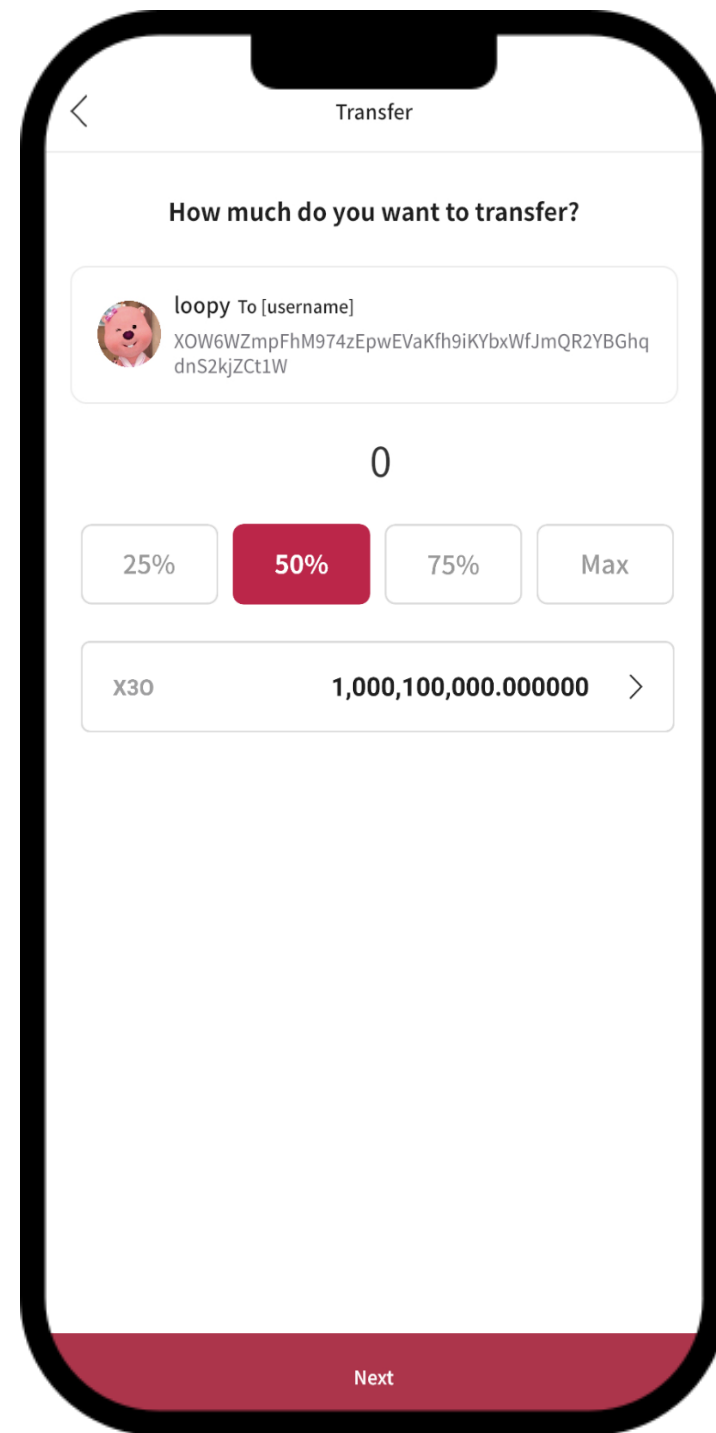

Transfer Methods  
1. Select from my following list

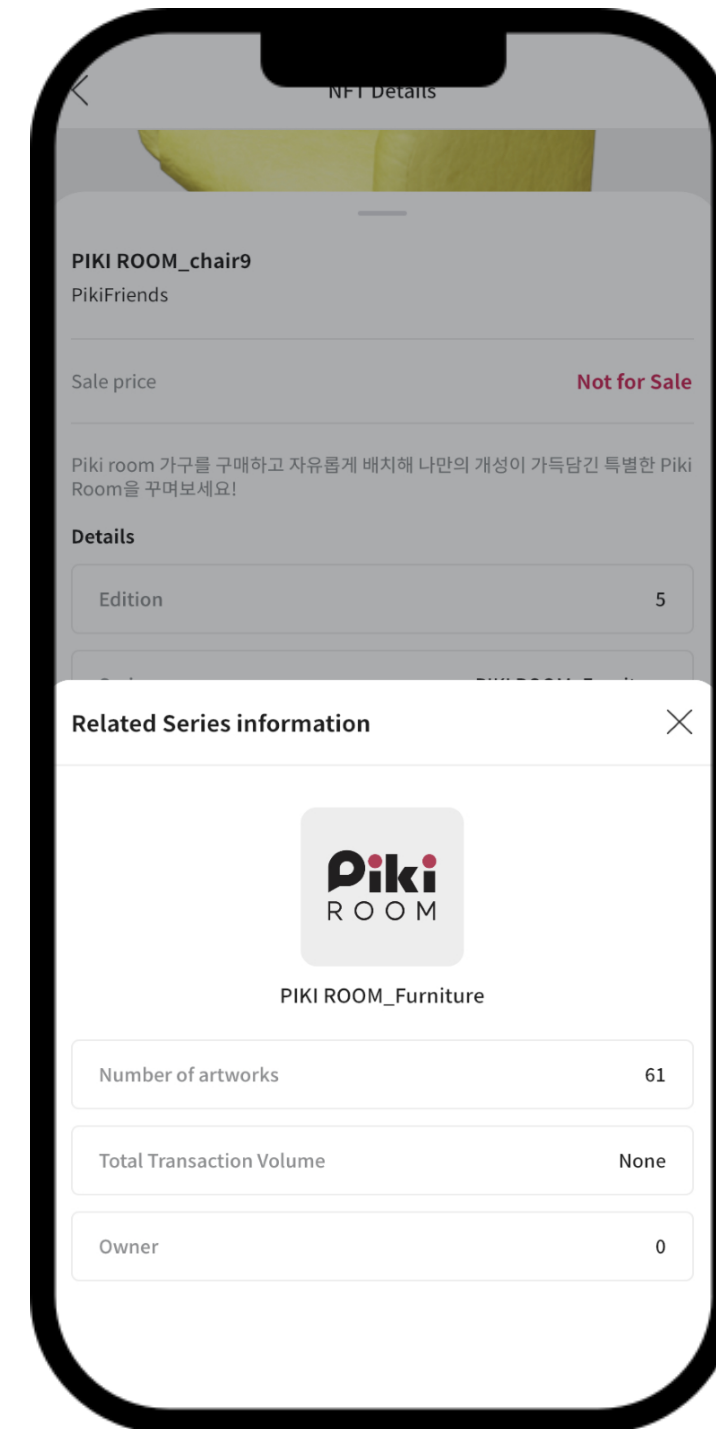

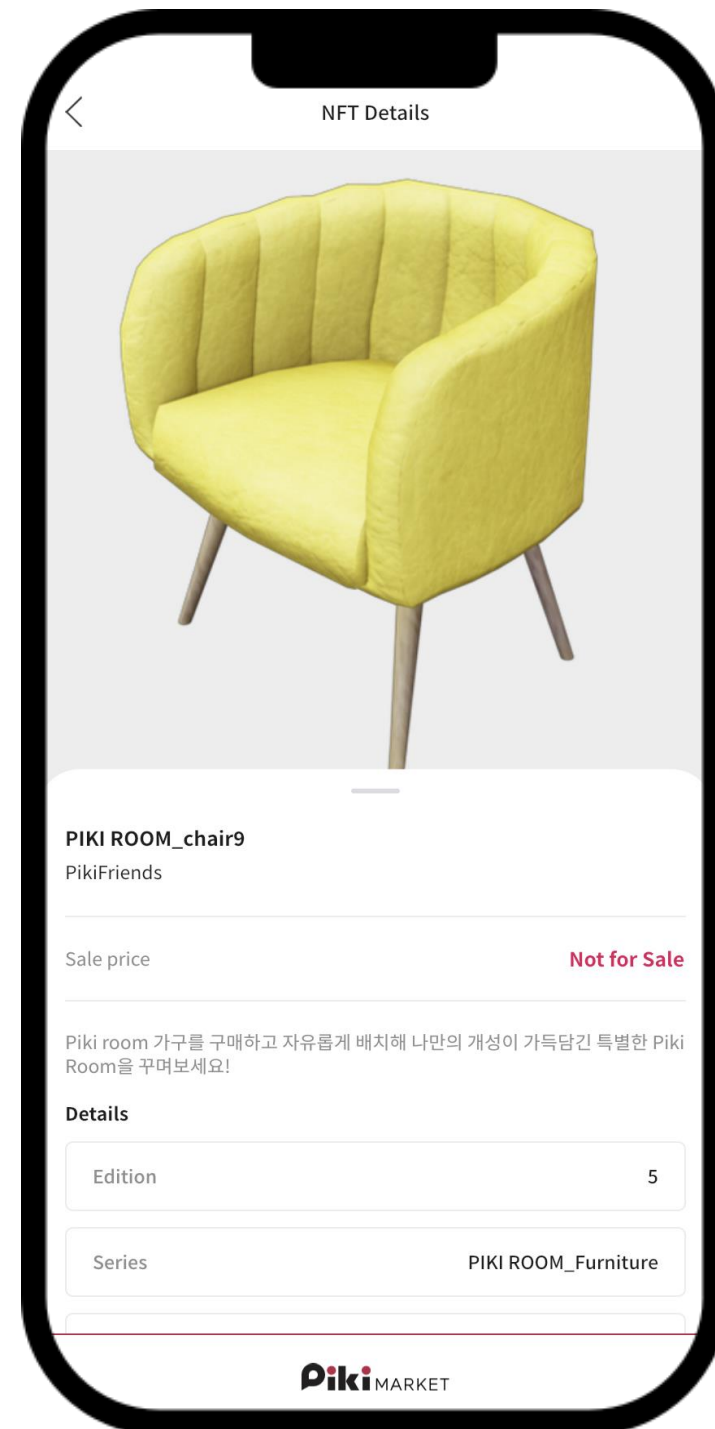

Transfer Methods  
2. Input the wallet address of the user you want to send

After entering the desired amount of X3O you wish to send, input the account number to complete the transfer.  
Utilize the XTRION integrated wallet for a more convenient transfer process.

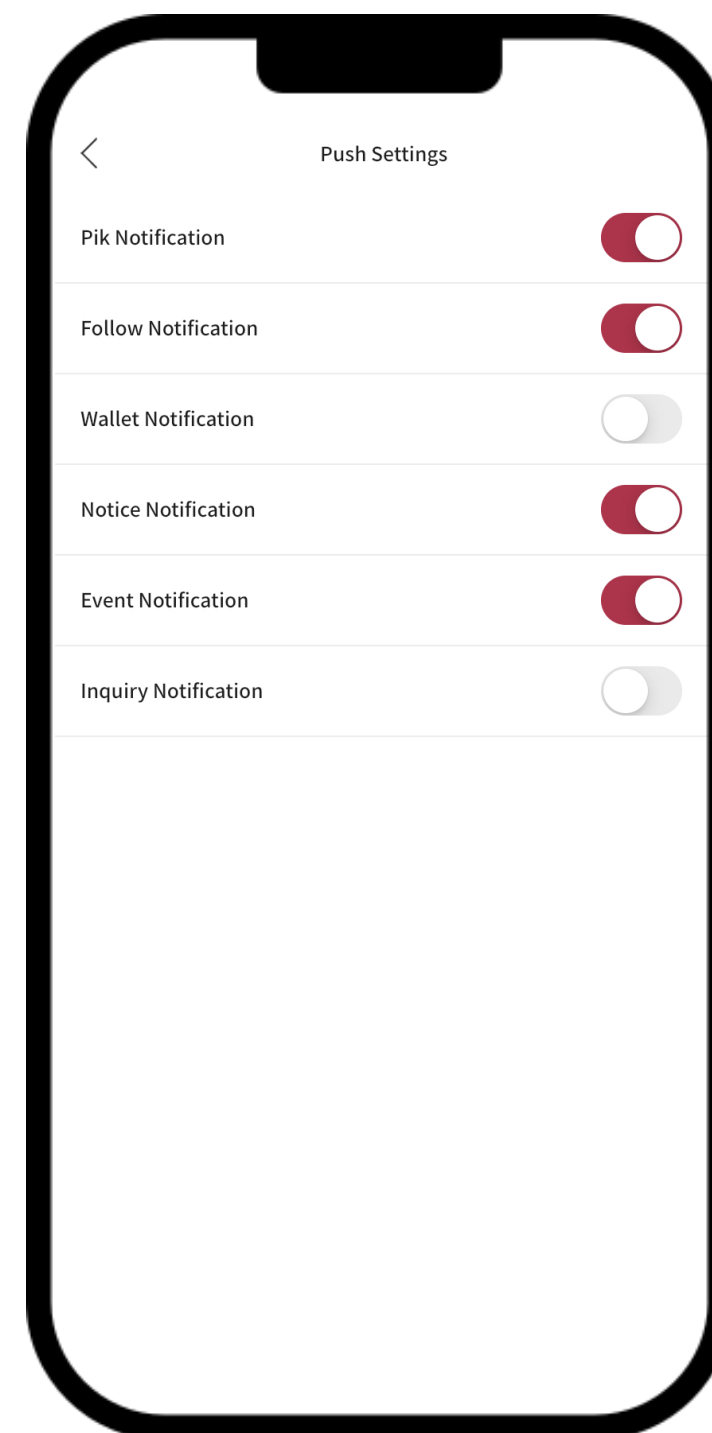

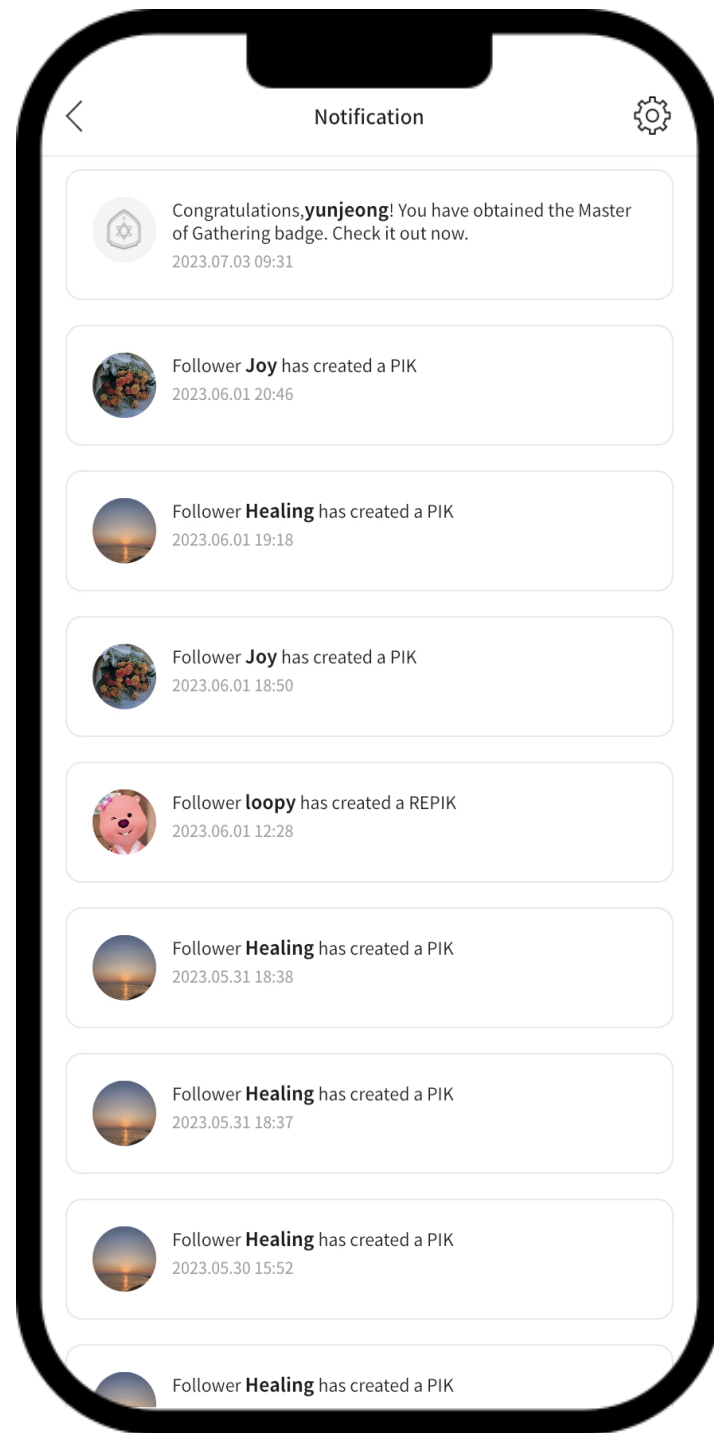

## 10. My Artwork

You can check the NFTs that you own, purchased from the NFT trading platform Piki Market.  
Use the NFTs you bought from Piki Market to decorate your Piki Room.

# 11. Notification

You can receive notifications for follows, Piks, comments, and other related matters. If you don't want to receive those notifications, you can turn them off in the notification settings.

**Thank You.**
