Before the introduction, I decided to change my outfit a bit. The clothes I'm currently wearing are a unique NFT that I purchased from Piki Market. There's only one of this outfit in the world, and I'm the only one who can wear it.

To customize your avatar, first select the "My Page" option from the left menu. Then, click on the "Edit Avatar" button. Choose your desired options for hair, clothing, shoes, accessories, and more. Once you're satisfied with your selections, simply click the "Save Settings" button. Go ahead and make me look fabulous!
